Video: Conference “Hi pastor Crone. I have just watched your presentation on Jan Markells understanding the times conference. Thank you for your Contribution! Always enjoy and share. Anyhow, I'm subscribed and an avid listener. Kind regards from sunny but dark South Africa! Blessings!” (Derek from South Africa)

Video: Various Videos “Pastor Crone I have no church family here in N.C.I have grown to trust, and am being feed by your ministry, Jan Martell, Amir, Pastor Hibbs, and Pastor J.D. along with my own personal Bible studies, and memorizing Scripture.” (Veda from North Carolina)

Video: Various Videos “Hi Pastor Billy, We have visited your church a couple of times and enjoy your teachings very much. I have an urgent prayer request. A co-worker and friend James Smith was found collapsed at his home this morning and flown out to a Tucson hospital. We've heard it could be a stroke but have no confirmation. We have been loving on him for years. James is shunned by his own because he is Mormon and gay. We are praying for a physical recovery but also that we can get an opportunity to talk with him about Jesus and forgiveness. Thank you so much for your time and love for your world-wide flock.” (Jerri from Arizona)

Video: Get A Life “Amen, I'll never get tired of hearing this testimony. I heard it for the 1st time Easter 2009, and had the privilege of meeting pastor Billy. GOD is so amazing that a 22 yo woman sitting i a church her first time on an Easter morning with a hangover heard this. My plan at the time was to just go so I could tell people I'd gone to a church, get trashed after word so i wouldn't remember the day, I'd have a piece of paper saying i went to church once in my life. This is what my intent was. Pastor Billy probably wouldn't want to hear pastor Billy with a hang over. Yes GOD has a since of humor, Church services are the best 3 hours of my week, now, bcus that Easter is still fresh in my mind. I got a life I wasn't expecting. I had made plans that afternoon b4 i knew i was going to be saved, to have a friend teach me how to use needles, only way of getting high I'd never tried, still never have praise GOD bc Billy Crone gave me the high i didn't know i was looking for.” (Amanda from New York)

Video: World Religions “World Religions Cults And The Occult Part 13 Pastor Billy, thank you so much for this teaching. This validates everything I've ever thought about "speaking in tongues" since the first time I witnessed it at 5 years old. I also completely understand the indescribable terror that one experiences when Satan engages you in a spiritual battle. Mine began in the Summer of 1979 and continued until December 13, 1992 when my Father proclaimed ENOUGH! God bless you and your ministry.” (Casey)

Video: Various Videos “Thank you so very much for the extremely hard work you do- and you get the fruit out to all of us without charge. Everyone can benefit! You’re a blessing!! Love your teaching- Your body-weight in gum must be staggering (heehee);)” (Laura)

Video: Various Videos “Dear Pastor Billy, I just want to thank you for your faithfulness in the great gift God has given you to expose evil in these last days as a diligent

watchman on the wall. I appreciate you so much and love all your lighthearted ways in times that can be so heavy. The Lord bless you & your beloved family. In Jesus' love.” (Laura from Michigan)

Video: Various Videos “Hi Pastor Billy. I've been listening to you for about 2 years and really appreciate your to-the-point delivery in teaching prophecy and Biblical truth. You are a blessing. Recently, I heard your teaching concerning the pre-trib rapture and how you expose the lies of other views. Excellent work there. I hear this all of the time, how it is not pre-trib. I agree with all of your points and have studied on my own, even believing the pre-trib without even knowing the formal wording for that belief. Just a straight forward reading from a new Christian, if taken in context and applying a little logical thinking, one would come to the truth of pre-trib. That said, one of the points I don't hear in defense of pre-trib is the examination of the fruit for the other views. Any other view puts the focus of the Christian on a self-focused pursuit of survival, gathering supplies in preparation for facing whatever part of the 7 years he or she will be exposed to. I wondered if anyone has delivered an overview of how these Post-Mid-Pre wrath views all have leaders who are selling or benefiting from the sale of survival gear? I have some emergency supplies, that is wise, but hoarding and building a bug out shelter makes the heart hard toward others. It makes a person inwardly focused. What a terrible shame and NOT God's intention for the Christian.” (Monica)

Video: Various Videos “I am an avid listener to your teachings on YouTube about all things related to the Family of Christ and the encroaching prophetic and biblical End Times. I believe I was led to your teachings by the Holy Spirit, and I have been pleasantly surprised that you have also been associated with Pastor Jack Hibbs and Pastor JD Farag, two other pastors whose teachings I was also led to by the Holy Spirit. While I enjoy and learn from all of your teachings, your recent one on the Armor of God is one of my favorites and has reminded me who I am in the army of God- and how to avail myself of our weapons of faith against the evil one. It is a very strong exhortation, thank you. The Grace and Peace of Jesus be with you. Sincerely.” (Mary)

Video: Various Videos “Hey Pastor Billy, I just wanted to say thank for your faithfulness to the Lord and in sharing your ministry He has given you for others to enjoy. I have been sharing your material with others since about 2012 and most recently your series on discipleship. Have a blessed day and If you can pray for out fellowship, although we are a Calvary Chapel and teach the word, I see the world influencing the body of believers here in the Verde Valley which is located 20 minutes from Sedona A.Z. Anyway your ministry is a blessing to me and helping me get back to my first love in the faith. I pray that our dead fellowship will come alive and get back into the fight. Lord bless you.” (Kurt from Arizona)

Video: Various Videos “Just watched the DVD set from Lamb and Lion 2018 Conference. Your message to the Church was very motivating and we need more of our leaders speaking strong words of warning to us (the Church). She's been in a comatose state for years and the hour is late. I attend a bible-based church but our pastor doesn't believe in The Rapture ( I know, how can you be Bible based then?) and although he

preaches challenging sermons, we need more than just gentle suggestions on how to live and have an abundant life right now. We are in danger of hellfire if we don't wake up! We might be spat out if we don't burn hot for our Lord ourselves. Where are the preachers to shout the warning, Lord? Thank you for stepping up, Billy. I have a condo in Laughlin and perhaps one day I can visit you in LV.” (Linda)

Video: Various Videos “Hello Pastor Billy: Amazing work you do with research and getting the truth out! Surely, things are about to happen to fulfill End of the Church-Age Prophecy. Thank you.” (Rick)

Video: Conference “I just listened to your sermon on "Christ in Prophecy". Thank you for the wake up call. I have never heard the truth like you have spoken it.” (Julia)

Video: Conference “Hello Pastor Billy, first, I just wanted to say that I was at the Prophecy Watchers conference this last weekend and it was awesome! I am so thankful for you and what you do. Thanks again for being a light!” (Amanda)

Video: Book of James “Hi Pastor Billy, so I just finished The Book of James study on YouTube and I can't say enough about how good it is! I'm just wondering if you ever finished it or maybe just never uploaded the rest because it leaves off on part 28 which is like chapter 2:4-8. Also I couldn't find it on your website at all. I'm trying to keep this short because I'm sure you're insanely busy but I've been going through some stuff that satan was using to tell me I wasn't a real Christian and never would be, even though I knew that wasn't true in my heart, I was just broken! So I've been listening to this study for 3 days straight all day at work and it's been encouraging, educational, convicting, and just a perfect gift from God. I'm going to start listening to the discipleship study now but would love to hear the rest of the Book of James if there was any way possible. Keep up your awesome work Pastor and God bless you! If we're ever in Vegas I'm coming to Sunrise! :) Thanks for your time!” (Arron)

Video: Various Videos “Hi Billy, I have enjoyed and to most extent agreed with your teachings. I live in New Zealand and via youtube my wife Brenda and I often watch Jan Markell and the like as it is rear to get good end times teaching where we leave. I watched your interview on Prophecy in the news. Regards and Blessing “ (Michael from New Zealand)

Video: Various Videos “Brother Billy, I have thoroughly enjoyed all of your teachings on end time prophecy, mostly from Gary Stearman's show. “ (David)

Video: The Final Countdown “YAY!!!!!!! I just checked your website again, and see that more videos are now available in your Tribulation Rising series!!!! Can't wait to watch. THANK YOU, thank you!” (Linda)

Video: Various Videos “Hello, I'm from Germany and I was introduced to your ministry as I was watching Jan Markell's Understanding the times conference. Until that, I've never really thought about the rapture and when it's supposed to be. I've listened to Pastor

Billy's opinion and understand that there is free material on your website, such as videos...But i am looking for something I can study through by myself... something to read, like a study outline where I can examine all different views for myself. Do you have something like that available? Thank you very much for your time and effort to look into my request. May our dear LORD JESUS bless you for what you're doing! Kind regards.” (Yvonne from Germany)

Video: Various Videos “Where do I begin? Pastor Billy Crone’s research and presentation of the facts and the proof of God are so clear and easy to understand, and yet, as I watched, I could not believe how well done these DVDs are. With every DVD I watched, I thought, ‘This could not get any better’ and yet each video left me more impressed. I am so excited to have found this resource. As a Christian, this has strengthened my faith and made my witness more bold. These are the kinds of DVDs that I wish every non-believer would watch and take the time to consider. These are also the kinds of DVDs that I wish every Christian would watch to renew and strengthen their faith and their passion for reaching the world for Christ! I also wish that every young person could watch these videos to prepare themselves against the lies our culture throws at them and the deception that satan uses to lead so many people astray. If I had the means, I would give a copy of this DVD set to every household in my neighborhood, city, state and beyond. Why stop there? These videos should be translated into every language and distributed worldwide. The U.S. is not the only country that has allowed the lie of evolution to permeate society. I was in awe the whole time I watched these videos thinking, ‘Wow, God is using Pastor Crone!’ I wish I had resources like these before entering high school! I wish I had resources like these in college! I’m sure not making the same mistake with my daughters. We are making our way through this series as a family. After watching these videos and others like them (these are some of the best out there) I have also started an Apologetics class for youth at my church. Sit back and let satan have his way in this world? Ain’t nobody got time for that! It’s time the Church gets on fire for the Lord! Pastor Billy, God bless you and your ministry, you got people praying for you!” (JoAnn from Wisconsin)

Video: World Religions “As with all of Billy Croness' studies, this look into "Scientology" is beyond reproach in its' depth and detail. It goes well beyond the Lea Remini TV series in exposing the origins and inner workings of the Scientology cult. One cannot help but wonder about the gullibility of any people that would fall for this obvious scam. L.Ron Hubbard must have seriously taken to heart the P.T.Barnum statement about "a sucker being born every minute..." (Bill from New Jersey)

Video: World Religions “How many more Charismatic Chaos studies are you going to do? I've watched the 3 you've made a couple of weeks ago. Disturbing! I've been trying to equip myself with as much info on this subject for years because I have family in this mess. If a person doesn't believe in the validity of their church then they are accused of either denying the Holy Spirit or Blaspheming the Holy Spirit. I've seen some of my sister's church service on line and it's as bad as some of what I've seen on your DVD's. Please pray for my Mother, Sister and Aunts that they see the apostasy for what it is. To

them it's all about getting in the spirit. Feelings and emotions with very little or no doctrine. Thank you Billy.” (John)

Video: Various Videos “Billy, Linda & I enjoyed your presentation at David Reagan's conference in Dallas. We also have enjoyed the "Seal" & "Rapture" DVD's & books. We have been recently watching "World Religions, Cults & Occults". Last night we were watching "New Age, lesson 2" about crystals?? We wanted you to see this video about crystals, your kind of video. Thanks for all your work to prepare us for the coming storms & the Rapture.” (Charles)

Video: Various Videos “Pastor Billy, LOVE YOUR TEACHING! I teach the middle school and high school kids at the Chinese church here in DFW and will be teaching on the cults after we finish Revelation. Thanks!” (Elaine from Texas)

Video: World Religions “Good afternoon Pastor Billy, I have been following and watching your world religions videos on YouTube. I want to thank you for your in-depth look in to many tough topics and beliefs that are absent of the Gospel. My question is, is there away that I would be able to receive or purchase the notebook that you followed for these studies. Thank you in advance and have a wonderful day.” (Dustin)

Video: Various Videos “Pastor Billy. First and foremost, thank you for all that you do for the kingdom of God. Your ministry blesses my wife Lucinda and me richly. I am writing to you for a silly reason that has become important for my mental health :-). We were blessed to get to travel from the northern California coast to the Understanding the Times conference in Minnesota. We were equally blessed to get to shake your hand and tell you thank you in person. We were however hoping to solve a riddle that had been plaguing us for a long time and thought you could cure the curiosity. The question that had been nagging us was-why do you hate chickens so much? We waited breathlessly to finally have an answer only to be told that it is a long story and that we would have to travel to Las Vegas to have our query resolved. Since the conference, we have watched dozens of your teachings and you reference the evil chicken in almost every single one. What was simple curiosity has now turned into a nagging need to know-why do hate chickens? Do you share the story in a sermon that we can watch? The chicken story is becoming part of Satan's war on this Christian -ha,ha. Again, thank you so very much for your ministry. God has given you a powerful voice in these last days and we were so very blessed by your personal testimony (we were given that dvd at your table when we purchased other teachings). We pray that The Lord will bless you, your family and ministry!” (Rob)

Video: Various Videos “Hi Billy, I learned about you from Lyn Leaz and started watching your videos on Mormonism. Years ago I had the misfortune of LDS coming to my door and you're so right about them being FALSE! HAHA loved your Leave Don't Stop. Shortly after I started talking to them, I just knew that it was a LOAD of dung and did some research which has led me down many rabbit holes of multiple religions. You're extremely entertaining and funny to watch. So glad that I have come across your website and will be sharing with people. I live in Ontario, Canada, and wish I could find a pastor that would speak of what you do. Times are extremely scary for us living under the

Trudeau Liberal government and I fear that Islam will end up taking over. Thanks.”  
(Kerry from Canada)

Video: Various Videos “Pastor Billy, we often try to watch your video series on YouTube. Love your teaching Pastor Billy. We heard you speak at the Blessed Hope conference. GOD bless you and your family.” (Earl & Connie from Texas)

Video: Various Videos “Hello Pastor Billy. It's been 11 years since I watched your RFID series and had an incredible life altering experience with the Spirit of God. He had to sneak up on me because I had turned my back on God 10 years prior. He used that RFID video. He came to me and just took over. Lol. Instant download. Overwhelming love unable to anything but accept it and bawl. I've never been the same. I emailed you then and we spoke on the phone. I shared that I grew up a saved Christian in a loving home and wound up astray in a Wiccan circle of friends by my mid 30s. Anyhow I also mentioned seeing something I would call demonic in a mirror when I was a child only I could see. Anyhow, it was good to talk about what had happened. You helped me process a lot of stuff. It has been a long time. I saw you on Lyn Leahz show today talking about spiritual warfare. Wow. I wanted to share with you what God has done to me and with me since we last spoke. He raised me up from 2007 until 2013. He blessed me and carried me like a good father. Back in 2007 I gave God THE REST OF MY LIFE. He came to collect on that commitment in 2013. And how. I lost my career. My new home 2 vehicles all my possessions, my mother then my father, it was bad. I went down hard. That was 5 years ago. You should see my light shine now pastor Billy. I would not go back and change one thing, I did not think i would survive. I wondered at times. I learned that only Christ's opinion of me is of any relevance. All other opinions come from imperfect people. I learned to trust God for every single little thing I need. I learned that I am the Righteousness of God in Christ. He taught me I have Authority. He speaks to me and I speak to him. He stands in my footprints and we breath the same air. I am sad to see the levels of evil and deception and the death culture we live in. I know times are short. I also see this alien deception thing gaining speed. That is a great deception, I hear people saying that it makes sense that we were seeded. My heart sinks. I'm excited to read that 4th book you wrote about the armor of God. Spiritual warfare is serious business. I just had to dodge a giant flaming arrow of the enemies. I had a Major Heart attack nov 1st at 430 am. I had 100% blockage of one of my left arteries. Lol. By 830 am I had a stint in place with 100% blood flow. I was out of bed later that day and went home the next. 36 hours later. I have no heart damage and no other blockage, all my blood work is normal. The cholesterol part as well. We spit in the enemies eye! Its an incredible outcome. I am so blessed and humbled by my Fathers love for me. It's like it happened to someone else. Be well Pastor Billy. Thank you for keeping the truth coming. I know you reach many people. And one more thing...Eat more chicken! Lol Said the cows. In Christ Jesus.” (Suzanne from Tennessee)

Video: Various Videos “Just saw your AI presentation done during the 2018 Prophecy Conference with Jan Markell...Loved it! God Bless what you are doing. Have a quick question, near the end of your presentation, you showed a clip from a movie that had

David AR White in it, it was about the rapture. What was the name of the film?  
Thanks!!” (Derek)

Video: Various Videos “Dear Pastor Crone, First of all I'd like to thank you for your World Religions series. I have not missed one of them, online, and Lord Willing, I will not miss any. I have learned so much, and I don't have a church, and believe it or not there is none in the area. I found a good candidate one hour away. I live in a small town in Alberta. Once again thank you for making such a difference in my life - I won't be taken in by false doctrine, no matter whether I find a church someday or not. Jerome was thinking of being a JW until he had to have a transfusion for the leukemia. I am a Baptist by a long history and born again from the age of 10. It was awesome.. just like yesterday. I do have a blessed assurance.” (Mary from Canada)

Video: Various Videos “Pastor I live in the State of Michigan, my son loves to listen to you and I was wondering if you might know any pastors like yourself in our area . My son would like to find a church he could go to and have someone who preaches the Bible like you. If you might know of anyone please let me know.” (Madonna from Michigan)

Video: Conference “This message is a bit late, but I thank you for the excellent presentation you made at Jan's prophecy seminar a while ago. We had planned to be there, but one friend needed an operation, and we decided to watch the live stream. You, Amir, Jack and J.D. were as usually spot on, and encouraging at the same time. The days are getting shorter, and I praise the Lord for your ministry. Maranatha, brother Billy!!!” (John)

Video: Conference “Hi Pastor Billy, Your teachings are EXCELLENT! I really was blown away with your teaching at Jan Markel's Bible Prophecy Conference this past September. Thank you...see ya soon when we're finally home with Jesus. Maranatha!” (Helen)

Video: Various Videos “Dear Pastor Billy Crone, I feel that I need to thank you for speaking directly. Never being afraid of what others may think of you. You speak with a boldness that makes me desire that same boldness in speaking to others, sharing the Gospel of Jesus with others, helping to bring others to Christ. I have been through many of your teachings via videos and at one point, I decided listening wasn't enough. I had to start all over and take notes. I just finished the Satanic War series. It was very profound for me. I had heard it all before and pray the Armor of God prayer every day. But to fully see what each piece represents is awesome. I tend to feel alone in my thinking. I see so much apostasy around me and am literally watching my family and friends fall into a pacified state that Satan promotes. I am mocked and ridiculed by those I thought loved me. But it no longer hurts to be mocked by them since I know that Jesus loves me in a way that is beyond human understanding. I pray for them continuously and jump on every opportunity to answer a question or redirect them back to Christ. They say they are Christian but I see no fruits. I never did like labels so I simply say that I am a follower of Christ and I try to live my life that way. I study and pray as often as possible, and am continually in communication with my Heavenly father and can clearly see Him helping

me through these battles. I cannot remember scripture to quote but I know content and use that. But I have doubted so many things since I was raised in an occult church and have had to work through the brainwashing to really understand who God is and what He has truly done for me. I was blind to what it meant to have love from a father. But about a year ago it all became clear to me. I literally woke up from a lifetime of oppression and depression. All that is gone and I now have clarity and had a crash course in who my Heavenly Father, Jesus, the Holy Spirit are and how they are intricately woven into my heart and my life. I have a mother who may have an evil spirit controlling her and had to deal with Narcissism since day 1. But God has shown me how to forgive, love, and fervently pray for my parents to have Salvation. I have been fighting battles with Satan since I woke up. I am still standing. Now that I understand the pieces better I can fight more boldly. Thank you. (Worldwide Church of God is the church I grew up in...I was 3rd generation. Then went to a Methodist which seem like a watered down version of Catholic.) Please pray for me as I am trying to do His Will only while surrounded by so much animosity. Keep speaking boldly! His return is near and I am so excited to finally see the Father that pulled me out of my misery and showed me how to love as He would. See you in Heaven! Maranatha!" (Tamara)

Video: Various Videos "Hi Billy, I saw you at the end times conference with Jan Markell in Minnesota, from there I looked up your studies and I landed in the studies of world religions, cults and the occult. I think the world religions are not online on YouTube in that category but it started with Catholicism and am now all the way through to Christian Science. I am so much more equipped with all these things I knew they were off but man.....The biggest shocker for me? The charismatic movement. I basically have been born in that movement back in the Netherlands, and our church was born out of the guy his last name is Osborne I believe and I think comparable to the Assemblies of God movement which basically they are now part of worldwide. I heard snippets but I am eagerly going through all studies on the charismatic movement. It is bizarre to hear this all but it does not surprise me either. I always have asked questions to many things even though it is so "normal" to believe them when born in this movement. It is hard as well as it is less cultish in the way like cults you described however there might be crazy people out there, but man there is SO much garbage in the charismatic movement for sure, but the rabbit hole is deeper than I thought it was, thanks for your clear bible teaching, I am blessed by it and my eyes are opening even more than already was. I am going to watch way more of the other studies as well. Keep doing what you do! Right now living in Nashville, TN. I was just visiting in Minnesota last September/October for my wife her family lives in Minnesota. When we will be in Las Vegas we surely come visit! Thanks." (Menno from Tennessee)

Video: Various Videos "My husband and I listen (and have listened) to all your messages. God is truly directing you with speaking His Truth without watering it down like most pastors/churches nowadays. God bless you in all you do and for standing firm and swaying in the Truth even if you stand alone." (Peggy)
