Video: Intelligent Design of Reptiles & Amphibians “First class as per normal. Hard solid evidence. Proof and facts that show the Word of God to be the absolute truth that it is. Hats off to this fantastic teacher and preacher of the Word of God.

Video: Intelligent Design of Birds & Fish “These video's just get better and better each one you watch. All these vids are well worth watching by both Christians and non-Christians alike. The facts given show beyond all doubt that the Word of God is the truth and also that despite the so called scientific community claiming that Intelligent design is not scientific, the evidence proves otherwise. Science demands you to have an open mind and to make your conclusions on the results of the evidence that comes from investigation. The facts given in these video's show that these results prove intelligent design, that being the case this shows that the word of God is the truth. The more people that watch these Video's the better. God Bless you.”

Video: Intelligent Design of Mammals “The evidence that Pastor Billy gives in this set of Video's just gets better and better. As he says every time, the evidence given shows time after time that the scientific evidence shows beyond any doubt that what the Bible says is the absolute truth. It shows that evolution is false time and time again. All the evidence given is absolute scientific fact. That being the case and proven beyond any doubt should be enough to make anyone who believes in evolution start to rethink all they have been taught in the past. Anyone who watches these video's, tell your friends, tell your families, tell all you can to watch these video's, it may well open there eyes to the truth. God Bless.”

Video: Intelligent Design of Science “Pastor Billy tells the truth of the reason for evolution. As we have seen all real scientific evidence shows that the Bible is true and that the reality of this world is that God is real, evolution is false and all evidence proves that as a fact. All those who claim to be scientists and yet ignore the scientific results are not only doing themselves a great disservice but they are doing there fellow men that same disservice. Their families, their children, their friends. All who watch this video should do so with open minds, check out the facts, search the evidence. See if what has been said is the truth and then there only action is to stop lying to themselves and to others. Our Lord says that He will forgive everyone. All they have to do it to ask Him. It's easy, its simple, its the greatest gift they will ever receive. Just open your eyes to the truth and to our Lord before things become to late.”

Video: Intelligent Design Series: “I been watching the Intelligent design set on godtube. They are fantastic. I'm hoping that others will watch them. The information you give is great. You are doing great my friend. You are hot! Keep it up.

From Gary in England: “I must admit though after watching about 9 of the Video's up to now and well going of the fact that I already have quite a few of them on hard copy, I went through them all and put a 5 star rating on them all. I must admit one thing though, you have quite a few people over here going on about? What is it he has with chickens!!!!!!!!!! He really has this thing with chickens. All I said was he was the one who

was on the other side of the road while all the chickens was crossing, so he got fed up with them all on his side of the road. So I think it best to moooove onto another subject don't you? I must admit I do prefer other kinds of meat, I do like cow. If you just wipe its bottom and cut off its head, stick it on a bun and I am happy, though I have been known to chase sheep around fields with a knife & fork shouting mint sauce. Have a great week and God Bless you all.

Video: Get A Life! "Inspiring, this shows that God can reach anyone no matter how bad or far gone they think they are. God Bless you always Billy. I pray that our Lord uses you to reach many more, that like you now are they to can be. I ask that our Lord and Savior reaches all, so not one person will or can be lost."

Video: Attack of the Casual Christian "Great series!!" (Australia)

Video: If God Really Loves Me Why Do I Suffer? "Hi I am from Australia and I am so glad that you have posted all these great sermons to watch! I have some of your DVD's, which has blessed everyone I have shared them with. Wait until I tell people they can watch them online. It is hard to get good teaching here in our Churches. God bless your ministry!!! (Australia)

Video: Unknown "Enjoy your preaching!" (Pittsburg, PA)

Local TV Broadcast: Sermon "God's Holiness Creates a Reaction" "So I was flipping through the channels last week and discovered this striking man on the television preaching. I only caught the very last few moments. You were reading some letter about a girl who had visited a Church and the outcome of it. The passion in your eyes. You could see how upsetting it was to you. I know it could just as well have been ANY Church. Hypocrisy happens everywhere. I know we've visited many many Churches lately, and had some real creepy experiences....we're believers...I can't imagine how non-believers feel."

Video: Attack of the Killer C's "I have learned a lot from Pastor Billy's "Attack of the Killer C's". I like when he says, "Wake up people!" I feel like he's talking to me, even though I thought I was awake! I am looking forward to seeing more of your sermons! See you in Heaven!"

Video: Unknown "Most of us out here don't even have a Church anymore. We depend on people like you and a literally a hand full of others who get their sermons on the "Underground," and who go by the Lord's Word. Besides the Word that's all any of us have anymore. It's the only way we can now get fed. Most Churches today are so backwards that most of us refuse to sit and listen to the lies one more minute. The Lord's people have begun separating as in those days of old. Thanks again for doing what you do!" (Tennessee)

Video: Unknown "I just wanted to drop a note and say thank you to all of you who work so hard to produce and support and deliver the media website to reach the world. I'm so

blessed to have the ability to watch my weekly sermons preached by Pastor Billy in Guam, wireless in my condo, any day of the week, think about it. .... It's mind blowing and finally realized, I actually go to service more now than I did when I was home because it so available, interactive and fun. I don't miss any preaching. I was sad at first to realize this and then extremely happy and thankful. Having the ability to stay in contact with my church family and to stay current with the weekly sermons is so vital and needed for my own personal growth with my lord and it reenergizes my heart and is a great encouragement so far away. I get really get home sick for my family, home and friends and this media ministry that we all support as a church family makes my absence away from all of you all the more bearable. By the way, since you are reaching me in Guam you need to get another pin and place it on our media outreach map, be careful the point of the pin is the size of the island. The NFBC media ministry is alive and well in Tumon, Guam. May the lord bless each and every one of you. See you in November.” (Rick Prohaska)

Video: Unknown “Just wanted to say hey. I am originally from Niagara Falls and saw you are in Lewiston. Are you originally from the area? Enjoying your sermons. Peace Jay (Fairburn, GA)

Video: RFID: Mark of the Beast? “I have been watching the development of this tech. I agree it is the beginning of the Mark of the Beast. We are living near the time of the rapture I hope.” (Joe from U.S.)

Video: The Book of Revelation “Praise be to yah.” (Frank from U.S.)

Video: Losing Your First Love “Just to let you know tonight you have given me the kick in the pants I needed. What do I mean by that I hear you ask? Well with all that has happened recently and all the increased health problems I have been getting, I started to not do my studies as I should do. I have not read my Bible as I should do. So there you have it. I was also so in fear of what man has done with what my Doctor is doing. I was in fear of man and not trusting in the power of our Lord and our heavenly Father. So I just have to say to you, thank you very much. I needed that big time. You opened my eyes to the failings that I had and how easy it was for them to creep up on you, so again thank you for the swift kick in the seat of my pants that I needed big time.”

Video: RFID: Mark of the Beast? “They are going to have to wait for this generation to die out and a new generation emerges without any knowledge of the Bible, morality, freedom or sense of personal liberty. It will probably take 2020 before every human actually has the tag.” (Robert from United Kingdom)

Video: RFID: Mark of the Beast? “I love the book cabinet in the latest Videos, just my kind of thing. I have only watched the first one as of yet but as per normal my friend you are spot on the nail, you are on the bull's eye. I am looking forward to watching the rest. God Bless to you all out there.”

Video: Intelligent Design of Solar System & Human Body “Very nice Bro Billy!!!!”  
(Tony from Arkansas)

Video: The Book of Revelation “Billy tells things how they are. He tells the truth of where we stand in this world today. He tells the facts of how we now are and how we now live. We need to hear what he says, to take on board the truth of God’s words. God Bless you all.”

Video: RFID: Mark of the Beast? “Well presented with lots of good information. Can not wait to watch the rest.”

Video: RFID: Mark of the Beast? “The more we watch the more truthful information Billy Crone gives and shows us all. This is real this is true this is not a silly conspiracy, this is something we need to take note of and see the truth of. Billy Crone shows that the Word of God is real it is the truth and God is real. He tells us all of what is happening in this good Book and that facts that we are now seeing in these videos by Billy Crone shows this and proves this. Turn to our Lord and Savior now.”

Video: The Book of Revelation “You need to hear what this man has to say for he has heard from our Father. Brother LET Your LIGHT SO SHINE BEFORE MEN THAT THEY SEE YOUR FATHER WHO IS IN HEAVEN. Come LORD Jesus Christ, Come... The Father has a way of making Himself KNOWN.”

Video: The Book of Revelation “Mercy Abba, mercy Maranatha!”

Video: Intelligent Design of Science “Evolutionists ( liberals ) are just little kids that have not grown up, had no discipline in their lives, and just don't want to be held accountable for having to explain themselves.”

Video: Christian? I’ll believe It When I See It “I struggle to stay humble, and ignore the world's demands of pursuing our own happiness and fortune. Screaming your anger to God does not help. You should rather repeat this prayer: GOD. DO YOUR WILL. YOUR HOLY SPIRIT INSPIRE ME TO FAITHFULNESS. IN JESUS NAME. AMEN.”

Video: God is Powerful He Can Do All Things “Amen. Thank you Jesus.” (Harrisburg, PA)

Video: The Book of Revelation “We really enjoy your messages. You are one of the few that is not afraid to speak the truth. God Bless you and your family.” (Jackie from Liberty, Illinois)

Video: The Need for Biblical Women “Dear Pastor Crone, I watched this video tonight after finding tobacco in my husband's desk drawer-he told me he quit, after discovering rated R movies that he had watched at home while I was gone-he's supposed to be

working and we had agreed no more of those types of movies in our home and after losing a \$70,000 contract that will cause our family serious financial hardships. I was preparing a speech that would really sock it to him-I'm now going to go to my knees. Thanks.”

Video: The Attack of the Casual Christian “Keep up the good work for our Great God and Savior Jesus Christ. Pastor Billy, your video has encouraged my wife and I very much. You're right, I should say, the Bible is right, we are at war in the spiritual realm -the sleeping giant (the Church) must wake up! Your preaching was fiery brother! We loved it! Don't ever stop preaching with STRONG CONVICTION in the POWER OF THE HOLY SPIRIT. We love you! (Allen & Deanna from Pismo Beach, CA)

Video: The Attack of the Compromising Christian “This is excellent Bible study lesson. I hope people in American churches wake-up!!!”

Video: RFID: Mark of the Beast? “The facts and evidence that is given in this DVD is scary to say the least. The more this information is gotten out to as many people as possible the better. I am sure that there will be some people who will make comments on these dvd's, stating that it is all a load of rubbish and just one big conspiracy theory. But all the proof given and shown is more than enough evidence to prove that this is not any conspiracy, it is real, this is happening. I ask and implore all those who may watch this video, those of you who do not know our Lord and Savior, I ask that you turn to him now. I ask that you ask him into your lives now. All this is true. The evidence is there for all to test and see. All this is in the Bible and no matter what anyone may tell you, the Bible is 100% correct. It is 100% correct in all its prophesy up to now. In all the history it shows no matter what anyone try's to say it is 100% true and has been and can be proven by simple checks on the net. Please open your eyes and see the truth that Pastors like Billy Crone and others like him are saying and telling you. Open your eyes, ears, hearts and minds and accept our Only Lord and Savior into your lives. No matter what any religion may say or tell you, there is only one way to God, one way to be saved and that is only through Jesus Christ who gave his life so that all who comes to him in faith by grace will be saved. Open your eyes to the real truth as time is short.

Video: What Does the Bible Say About UFO's? “I wonder if we will get to verse 5. hahaha Love this teaching. Praise the Name of Jesus! God bless you! Thank you for sharing all of these teachings.”

Video: What Does the Bible Say About UFO's? “Great teaching.”

Video: What Does the Bible Say About UFO's? “Great Stuff!! God Bless.” (Philip from Cedar Rapids, Iowa)

Video: Intelligent Design of the Universe “I was a strong believer in the evolution theory (I had evolution lessons just some month ago when i still visited school). After researching a lot I came finally to the conclusion that this theory is absolute nonsense. There are so many lies about it (like industry melanism or lucy, cambric explosion etc

etc). And of course! Where are the missing links??? There should be billions and billions of them but we didn't find them in the last 150 years. The evolution is just a theory not more (but less). And there are indeed very much evidences for the correctness of the Bible. Sorry but I am just sick of this blind- by science indoctrinated- people who are too lazy (or too stupid???) to question the theory. What is it what makes an enlightend, well educated man?? Sure not the retalking of scientists...Like I say Atheism is just a hobby like playing with little trains and doing crosswords.” (Germany)

Video: Intelligent Design of Solar System & Human Body “This man is not bad!”

Video: The Book of Revelation “Keep on preaching Brother and God bless you! Praise the Name of Jesus!”

Video: The Book of Revelation “Wonderful, just wonderful Brother Billy, you really KNOW Him. Thank you for putting up these teachings/preachings. God Bless you and yours Brother. Praise the Holy Name of Jesus Christ the Righteous, The Almighty, The Holy And Faithful One. To Him be praise Forever and ever, The Amen.”

Video: What Does the Bible Say About UFO's? “Keep on teaching it Brother. Praise the Name of Jesus! God bless you!”

Video: What Does the Bible Say About UFO's? “Great teaching. Very enlightening.”

Video: The Book of Revelation “I was listening to your teachings on the book of Revelation. I'll be listening more. I am interested in your way of teaching because you get right down to the source. Thank you for telling the world that they don't have to be afraid and fight back, and God is the power. I'll also be praying for you and your family and the congregation.” (Kristine from Oregon)

Video: What Does the Bible Say About UFO's? “You Nailed That One. This is the one or one of the top points dealing with the return of Christ that traditional church dogma dances around, that being, what's the world or how's the world going to explain away millions of known Christians simply popping out of here? Since 1983 after Christ pulled me out of hell, he has been showing me from the Bible and media, both in print and video/audio that satan is going to do exactly what you're talking about. And technology is going to play a major part in all this as well. Remember in 1983 a PC was the Atari and hand held calculators but even then God was showing me stuff that is only now showing up on the horizon in the world of technology. What about a living computer chip, yep in 1983 God showed me in a round about way that that's where technology was headed? Anyway you're going to make a lot of people mad with what you're talking about but keep it up because you're planting seeds in some of the poor souls who will not make the rapture but when satan pulls his magic act they will flash back to what you're telling them now and hopefully say no to his whole system, even if it does cost them their lives.” (Clyde from Texas)

Video: What Does the Bible Say About UFO's? "These videos are great and tell the truth of what is really happening in the church today. It's all true what Pastor Billy tell in these videos. I implore all who watch these videos, before things become to bad please turn to our Lord and Savior now. This is all true, the rapture is true, we will be taken and you will not want to be one of those who are left behind. Open your eyes, open your ears but most of all open your heart and accept our Lord and Savior now. Remember you need to do nothing, you are saved by faith through grace."

Video: Various Videos "God Bless to you all over cross the pond. By the way, I thought you would like to know everyone who has watched any of the DVD's you have sent over has liked them, we have not had one derogatory comment at all. Those who are not believers have said that it has made them think and maybe to reassess there thought on the matter. So that's been great, every chance I get to have someone to watch one of them, of a set of them, I take it. So at the worst they have made people think and at best there may have been some seeds planted. I thought you may like to know this, it's nice to get some kind of update on things that you may have done. Not for praise for doing them but so you know if they have helped some people. God Bless again my friend and big hugs to all the family and others at the Niagara Church. (Gary from England)

Video: RFID: Mark of the Beast "Thank you very much. I really enjoyed your RFID. I have been teaching this stuff for several years now and most of it is all the same which tells me I must be on the right track...where 2 or more agree. Thanks again and God Bless. (Randy from Fort Morgan, Colorado)

Video: Various Videos "Hi! Thank you for your great speech. I think you are preaching about what the Church need to hear, but almost never hear anymore. You also talk much about the end time and Revelation from the Bible. I like that a lot since I try to get a deeper understanding of this book and the time we are living in. I have seen nearly all of your sermon on YouTube and looking forward for new to come. Thanks :- ) God bless." (Norway)

Video: If God Really Loves Me Then Why Do I Suffer? "Keeping them coming. God bless you."

Video: If God Really Loves Me Then Why Do I Suffer? “Thank you for sharing this. Responsibility for your own actions, glad to hear this being taught.”

Video: The Book of Revelation “Hello Pastor Crone, I have watched most of your bible lesson over a period of nights and I was blown away how you delivered the word of God. The lesson really hit home for me too see all what's happening around our world. Yes, we are in our last days on this earth and we better start getting more people saved. I would love to interview you for our online Christian magazine called Grace & Mercy Magazine. We are all about spreading the Gospel of Jesus Christ through the Internet. I am very happy too see that God is moving in your ministry. You are using all avenues to spread the word of Jesus Christ.” (Bernie from Catonsville, Maryland)

Video: If God Really Loves Me Then Why Do I Suffer? “Great to hear the truths I have known for so long are finally being told. This is an answer to my prayers to Abba.”

Video: The Book of Revelation “Great. Looking forward to seeing what else God has revealed to you. God bless you and yours.”

Video: Get A Life! “A wonderful testimony to our Lord and Savior. I am praying for you.”

Video: Various Videos “God has given you a wonderful testimony to His Glory and I was pleased to hear it. I have watched many of your videos and what you are telling the Church is exactly what God showed me in 1987. When I heard you teach, I could hardly believe my ears. I can't tell you how happy I was to hear you. I was jumping for joy inside myself, hahaha it was wonderful! We serve a most awesome God. You were not saved by chance any more then I was born by chance. I often wonder if people realize that God sees all they do, think and say. He has a clear view of us even if we don't of Him. Your teachings on Revelation are so awesome I just can't get over how awesome a God we have and serve. I will say in closing; keep your eyes on Jesus, look neither to the left or the right and read your Bible daily with the Holy Spirit. I can't stress that enough. I know I am preaching to the choir, but I figure that is okay sometimes the choir gets so caught up in the work of Christ that we neglect The Christ in us. To die daily is not easy unless we are willing to spend time with the only One Who can accomplish His will in us. Love in Christ Jesus.” (Myrtle Creek, OR)

Video: RFID: Mark of the Beast? “Pastor Crone, my name is Joshua Enos; I am a 30 y/o with a wife and daughter living in Slidell, Louisiana. I wanted to write to you today to tell you thank you. I have been working in Kuwait/Iraq as a contractor for the last year and a half with one more year to go till I return home for good. I spent 10 years in the Army so the travel doesn't bother me but being away from home and not seeing your loved ones, you can never get used to. Since I was young, I was raised in a Baptist Christian church but coming from a broken home due to divorce and all other unrelated events that took

place while I was young; I had drifted so far from Christ it scared me. I know I am not the only one nor will I be the last that has life's challenges thrown at him. The things I have seen while serving our great country both good and bad convinced me that world is a good place, a gift from God but the Devil resides in almost all corners of our Earth. I have always been that person that knew when I was doing wrong and would sometimes look God dead in the eye and still do those horrible things knowing there will be consequences to come. I was turned on to a video that came over youtube by my Uncle labeled "Zeitgeist" and he said I should watch it. As I watched this video pick apart the bible saying that it was a mix of elaborate stories that were all mythological, I have to admit I was a bit confused. But after watching that I guess in my own mind I wanted to quest out for myself to find what I knew or felt in my heart was true. That God does exist, he does love us and he gave the ultimate sacrifice to pay for our sins. I have been so skeptical of most churches teachings because of the inconsistencies, and what appeared to me having nothing to do with saving people but seemed to have everything to do with money, greed and basically just Un-Christian lifestyle. While I was in the Army it was not uncommon for an Army Chaplin to teach Christian services one hour and then turn around and teach Mormonism the next. In my mind I felt like whom are they kidding? Everything was justified, wars, our government, and lies justified all in the name of freedom. On my search I came across a video that had your sermon on the "Mark of the Beast", after watching that I watched more and more. I felt and feel inspired by your own accomplishments as you walk with God and your motivation is truly helping me reclaim my life both for me and my family. I have a fear in me that I never had before, not a bad fear but a fear of God. I don't want to live my life for me anymore and the sins of world which I have seen more than my fair share of have eaten at me for too long. I feel a breath of fresh air that has made me take a new step in what I know to be a better direction. My Dad has been trying to get thru to me and have shut him out over the years. When I called him to talk to him about this, he said that he was expecting this phone call, and that he has been praying that I would see what God needs to me to see. That being said, once again I say thank you for your preaching's and although I can't be there I will download every service that is available. I wish there were more churches like yours. I plan on moving out of Louisiana and back to Gallatin, Tennessee when I return in 08 but if you can recommend a "good" church to me and family I would be forever grateful. Pastor Crone, if you could, please pray for my wife and daughter as they go thru this Hurricane season which has been nothing short of pleasant, for their safety and that my wife make good decisions if faced with having to evacuate out. Thank you."

Video: Various Videos "Thank you, and thank God for your words. I want to thank you for uploading your lessons, they have truly changed my life. I'm 34 years old and until a year and a half ago, I thought I had it all figured out. Then the Holy Spirit slapped me on the head and showed me what it's REALLY all about. I was fired up for God! I volunteered for everything at church: Youth Group, Awana, audio visual, sound booth.....whatever came up, I was there and it was awesome. My wife was saved about six months before me, so after I came to Christ, we renewed our vows as Christians and devoted our family (three kids) to serving the Lord. Once again, I had it all figured out, or so I thought. About two months ago, I really started to feel like something was missing. Everything had fallen into a routine. I was still fired up for God when I was at a church

function or at Sunday service, but outside of that, I cannot say that I was living my life as God intended. I had become the 'practical atheist' that you talk about. One day I was uploading a music video I had made to GodTube and decided to look for something about evolution, and I came across (was led to, actually) your series on intelligent design. I watched all ten of them in one sitting. I was at work at the time, probably not a great career move, but when God talks to me, I listen no matter where I am, and He was watching over me, I still have the same job. :) God speaks to directly to my heart through your energy, your passion, and especially your words. Everything about my walk is different now, from the way I treat everyone around me to the way I read God's Word. I now realize that being a Christian is not just about how much you do or who is impressed, it's about living your life the way God intended when He created you. It's not just about loving others, it's about telling others WHY you love them, because God loves me and wants me to share that love with the world! I'm still learning, I have a long way to go and a short time left. I too believe that we are in the last days, there's just too much science to prove it.... :) Again, thank you for your lessons, please keep them coming. And I thank God for leading you to share them. Your brother in Christ, Jason. (Castle Rock, Colorado)

Video: If God Really Loves Me Then Why Do I Suffer? “Hey, sounds like you were reading my Bible. hahahaha Loved this. Thank you so much. God bless you.”

Video: Intelligent Design of Reptiles & Amphibians “Excellent! Just wondering, Does your church have a website where we can buy these sermons on DVD or CD? I'm glad you make them available here, but I would like to show them to people and/or listen to them as I drive.”

Video: Intelligent Design of Logic & Odds “Great summary!!!”

Video: Intelligent Design of Mammals “Great stuff, keep up the good studies and great work! Entertaining and informative, that can be hard to find. :)”

Video: God’s Power Is Over All Things “This one is great. Looking forward to hearing the rest of this. God bless you Brother Billy and all your household.”

Video: God is a Personal God “This is excellent; Thanks as I was beginning to wonder if anyone believed in an intimate personal relationship with God anymore. Blessings.”

Video: What Does the Bible Say About UFO’s? “Thanks so much for this series, I have been working in this field for about 30 years and have longed for the day when the church will address this issue of ufo related delusion. I have just posted a video that I did in 1991 it is called UFOS a Biblical Explanation, the audio is a little over done, and I will try to upload a better one shortly, but what you are presenting is really wonderful and long overdue from the Church God Bless you ; this brings great joy to me knowing God has raised up men like you and Chuck Misler and Dr I.D.E Thomas to expose and reveal the false hoods in this arena of ufo related Delusion. Thanks Jim (Warren, Ohio)

Video: Various Videos “Pastor Crone, I can only imagine you must be very busy. Saving peoples lives and helping prepare them for eternity I’m sure can be quite time consuming, but in the grand scheme of things I would venture to say you have the greatest job that anyone could ask for. Since you and I talked it became apparent to me that no one can do this on their own, so I am preparing to make some fliers to put up around post and attempt to start a Bible study group. I am moved by what God has shown me in these last few weeks and I want other folks to see what I have seen so we can help each other walk closer to God and serve his purpose for us. I plan on using the videos you have sent as a learning tool for whoever wants to attend so we can all understand a little bit better what I think most people have forgotten. Pray for me that I have a good turn out of not only people who are Christian but that anyone who wants to know who Jesus Christ is, would attend. I don’t know what calling God has for me and I know he will show me in time, but I have felt a strong interest in attending a Bible College. I have found a couple that do distance learning so I think that would be great for me seeing as I will be here for the next year. Any recommendations of schooling you could offer me would be greatly appreciated. I will keep you posted how the Bible Study works and if you have any pointers on how a young Christian can go about this while keeping people interested or just a simple “Bible Study for Dummies”, I would also be grateful. Thanks again and God bless. (Joshua from Kuwait)

Video: Get A Life! “Pastor Billy - Wow....and Amen! What a testimony! I was a child of the 80s as well and fell into some of the traps you talked about. I had the mullet going (not as long as yours), listened to all the wrong music, got drunk a few times....but my biggest sin was sexual immorality. That's one of the biggest lessons I want to teach the Youth that I work with...sex is a gift from God and it should be treated as such! It's not always easy to talk about, partly because of the subject, but mostly because it hits so close to home. Maybe God had me go through that as a teenager for a reason.... What part of Kansas were you in? I grew up in eastern Nebraska (Columbus) in and out (mostly out) of the Catholic church. I had NO idea what a relationship with Jesus Christ was about. I figured if I was a good person, I'd go to heaven. Wow, was I wrong! My parents are still devout Catholics and were NOT happy to hear about my new found faith. I called them after I was saved, so excited to tell them all about it. I had no idea it would disappoint them so much! It's been over a year, but I'm finally starting to figure out how truly lost they are. We still visit, but the conversation never turns to God. "You have yours and we have ours," is what my dad said to me. However, they have commented on how much we as a family have changed for the better since "we started going to church." Little do they know it has very little to do with going to church, and so much more to do with walking with Christ every moment of every day! Thanks again so much! God has blessed you with an incredible gift of evangelism and I want to share your lessons with everyone I can. If you're ever planning on being in Colorado, I'd love to meet you. God bless!”

Video: Intelligent Design of Reptiles & Amphibians “Hi, My name is Asher Carson. I thought your sermon on the different reptiles that prove intelligent design was very good and interesting!!! I am 18 and have been interested in and studied reptiles since I was 10. I did reptiles programs for public schools for a while and would teach about the different

reptiles I had. One of my snakes was an Eastern Kingsnake. I am not sure if you know... but the kingsnake eats other snakes and will even eat venomous snakes. But to kill any animal it is going to eat it has to constrict it. And while it is killing it, very often it will get bitten by it's prey. Well one of the questions I always asked the students was what do you think happens if a kingsnake is bitten by a venomous snake while it is being constricted? Well the cool thing is that they are not harmed at all by venom from any snakes in the USA! So not one thing will happen to them! In one of the classes I was teaching, one student asked why that was. And I said "Because that is the way they were created." Well the teacher very quickly said they evolved to have that ability. And I did not say (cause I was in a public school), but thought: If they evolved to be like that don't you think the first kingsnake that got bitten would have died from the venom before it could go breed and have babies that could withstand the venom and wouldn't that mean they would all die before that could evolve? Anyway I just thought that might be an interesting story to you. Oh, and I also wanted to mention that calling reptiles the Slimy Creatures was a bit off ;- ) Reptiles are really very dry and not a bit slimy! :-)" (Tyler, Texas)

Video: Various Videos "I am looking forward to watching the series on Revelation that you are doing, I am sure they will be great as normal and they will also be on fire as you are when you preach. Everyone who has seen your DVD's over here all say the same. That man is on fire, it is so evident that he loves the Lord and he is so enthusiastic for God's Word. These or some of these who have said that are non believers, who may I add you have made think and they are now searching. You have done some good work over here through these DVD's and for that I always ask the Lord to keep on blessing you with the power of his Word, with that enthusiasm that shows the truth. You are a very special man Billy and you have been given a great gift but we all have our own jobs to do that's why the Lord made some of us able to do what you do and then He gave others lots of different jobs. I must admit I do not envy your job at all. I just could not do as you do. I have a memory like a sieve. Give big hugs to all over the pond. You never know, we may get over there some time. I keep looking for a rich relative, but I have not found one yet, but I will keep looking." (Gary from England)

Video: What Does the Bible Say About UFO's? "Thanks for the material. For many years I felt like Elijah, like I was the only one, but what a blessing to have recently seen men like Dr I.D,E Thomas , whom I interviewed via; radio in the late 90's ( The Omega Conspiracy ) Dr Chuck Mislser is another great expositor on this issue. Dr David Lewis also was a for runner of this new insight. Thank God; who through Jesus Christ; our one and only Savior has come a message for such a time as this . Thanks Again. I really enjoy your style (anointing) and content of preaching."

Video: Various Videos "You know, I have been wanting to move pretty much ever since we moved to Louisiana. The entire state is so depressing it just drags you down everyday, I don't even know why I moved there. That was definitely going against my better judgment. Even before the storm I couldn't stand to go down to the French Quarter and now after the storm it almost to say it has gotten worse. Crime keeps going up; murder rate is now getting worse than it had been in recent years and to me just is not the place

you want to raise a child. We live in Slidell which is about 40 min away but unfortunately it is starting to spread where we live. I know I still have about a year to go out here in Kuwait but I love hearing you speak and really appreciate what you're Church as a whole has done for me and my family that I have thought about moving to that area because it is so hard to find a good church that preaches morals and values that deal with the everyday common sense approach to Christianity and not what we "could" do but what we must do to call ourselves Christians. As time gets closer to that point, I'm sure I will keep in contact with you, and keep you updated but we have been needing a fresh start and what better way to do that move to a great church we can call home. Thanks again for the material, I look forward to it and I will let you know once I have received it. Take care Pastor, God bless. (Joshua from Kuwait)

Video: RFID: Mark of the Beast? "Pastor Crone, Bless you for the dvd set on RFID, my husband & I was astonished by your revelation. I've been studying the book of Revelation for years, and this just blessed me so. This dvd set was a birthday gift to me from my husband, and I would like to know if you have any more dvd's pertaining to Revelation/End Times. My spirit is so hungry for this type of word and as you stated in Rev. 1:1A, pastors don't preach on end time prophecies.(thank you for this gift). Again, I'm so blessed to have seen your dvd's and the opportunity to share with family & friends, may our Father in heaven continued to reveal His word to you, so that you can share with your brothers & sisters in Christ. God Bless. (Rhonda from Forest Park, Georgia)

Video: The Book of Revelation "Good Morning Pastor: I watched the first video of your study on the book of Revelation. If this is any sign of what is to come let me say... GREAT! WONDERFUL! PRAISE GOD! PRAISE GOD! PRAISE GOD! THANK YOU! THANK YOU! THANK YOU! Just in case you think I am not moved to tears, and great joy, let me say there are not enough ADJECTIVES to express how pleased I am. Thank You."

Video: Please Don't Go To Hell "Well, just been listening to your please don't go to hell and you put it in such a way that sinks in to hard skull's or so I hope. The enthusiasm and love that comes across from you is overwhelming. You have a glow about you and I pray that you carry on reaching those that are lost and looking for a way back onto the true path. Billy you are a very special man that our Lord is using, that is so apparent. May our Lord and Savior continue to bless you and give you the ability to reach more and more in the short time we have left. The more who listen to these DVD's the better and the more that will be saved.

Video: Attack of the Casual Christian "I just wanted to let you know that your sermons are such an inspiration. I was raised in the Southern Baptist Church, converted to Catholicism after marriage, and am now attending Suttons Bay Bible Church, and surrendered my life to Christ once again since my conversion. I was listening to the Attack of the killer C's - Counterfeit Christian. I have to admit that I fell into that category. Once I listened to your message, it opened my eyes and heart. I felt so convicted. We are without a fulltime Pastor. He stepped down from the pulpit after committing a grievous sin. We have a few interim Pastor's come in, but none have the

fire for Christ in them as you do. We've also lost many members of our church. I think we may have close to 25 members. I definitely see Christ within you, and can tell you live only for him! I repented of my sins last evening after listening to your message. Blessings to you. (Marjie from Michigan)

Video: The Need for Biblical Men “God bless your ministry.”

Video: The Need for Biblical Women “Pastor Billy, I listened to your sermons on the website and you are indeed a fantastic Bible teacher. I listen to a serious amount of teaching on the Web and you are by far the best.”

Video: Attack of the Casual Christian “Thank you so much, this video encouraged me to stop playing at following Jesus and stand up and be counted!”

Video: Please Don't Go To Hell “Pastor Crone is well on form. This video is very good and well presented. Please those of you that do not believe in our Lord, please listen, please open your eyes, hearts and minds. Check out the facts. This is all real, this is all true.”

Video: The Book of Revelation “I'm really enjoying these videos. Thank you, thank you, thank you!” (Liz)

Video: Please Don't Go To Hell “I must say, though you have always been on fire when you preach, the recent videos you have been doing come across as getting as hot as the earth's core. You are scorching and that comes across so much. I pray that this is shown to those who do not believe so that they can see the urgency of the situation and just how close we are.”

Video: An Intelligent Creation “This is an exciting collection of creation DVDs that I really enjoy.” (Raymond from Oklahoma)

Video: Please Don't Go To Hell “Wonderful video, powerful.”

Video: The Need for Intimacy “Again Pastor Billy, yet another fantastic sermon.”

Video: The Book of Revelation “Hello Pastor, I just finished your series and study from the book of Revelation, I really enjoyed the study. I hope to share this with several friends over the next few weeks, if this doesn't stir a call to service then nothing will, good job. Thanks again.”

Video: What Does the Bible Say About UFO's? “Great Video!!!!!!!!!!!!!!!!!!!!!!”

Video: Please Don't Go To Hell “Please please please take note of what Pastor Billy is saying here. This is not rubbish. These are not lies. This is not a fairy tale. This is all true. The evidence is out there for all to see if they would only check it out, rather than believe

what others tell them. Check out any computer. Do searches on this subject. It is true. God Bless you all.”

Video: Get A Life! “Pastor Billy Crone is simply one of if not the "best" Bible teachers around!” (Gail from the UK)

Video: A Young Creation “Hello, my name is Jason Scroger. I had just watched this video, and was amazed, and amazed that I actually just live in buffalo. I am actually going to UB for Earth Science Education! I would love to get any information, talk with Billy Crone, or anything that you could offer, would be greatly appreciated. I firmly believe that as an Earth Science teacher, it will be important for me, to as many times as I can include a fact or two that counteracts what I am forced to teach. Thank you so much for this video! I pray that God will bless it!”

Video: Intelligent Design of Solar System & Human Body “Watch these videos. Absolutely too amazing.” (Scott from Manteca, California)

Video: The True Meaning of Christmas “Great message and I agree. I told my son, who is now 7, that Santa brings nothing and daddy and other family members give gifts with the resources provided to us by the LORD whose birth we celebrate.”

Video: Various Videos “Hi Pastor Crone. I've been watching you on GodTube and I think your messages are awesome. They're so powerful and very encouraging. Thank you and praise God for you.”

Video: A Young Creation “Dear Pastor Crone and Office Staff. My son Christopher and I attended the morning service at your church and heard the message "A Young Creation Part 1." I also took home with me and watched your DVD "An Intelligent Creation, Volume 1 & 2", and both topics are wonderful. I must share that your church is beautiful, but what impressed us the most was the Friendly People that attended your beautiful church. The DVD's that I viewed on Intelligent Creation were excellent, very informative and professionally done, and here I come into your service and distribute information on the upcoming EVOLUTION vs. CREATION seminar at the Hearthstone Manor in Depew. YES, I do believe our GOD has a sense of humor and it's Beautiful All The Time. Maranatha Friends.”

Video: Various Videos “I have watched almost ALL of your videos on GodTube. Just a quick history about me... I live in South Africa, grew up in a very conservative town and Church... were looking for a bit more and started attending Charismatic Churches in 2002. I thought I was very secure in the Church until I met Jehovah's witnesses and I realized how little I (being a Christian my whole life) was prepared/ equipped to seriously witness about and share the Gospel with unsaved or deceived people. Sunday after Sunday after Sunday I listened to "how God wants to bless you" messages and started asking serious questions about the churches I have been attending.... could it possible be that they are missing the point? OR could it even be that they might be deceived? This all started 3 years ago.... I was labeled as rebellious and just can not seem to fit in, even

though besides Church, I never experienced "not fitting in!" I prayed about this constantly and what a relieve to have "met" someone on the other side of the world with the same views.... Thank you for your teachings. Thank you for preparing people for what's happening in the world and equipping me with basic things like the amount of Old Testament prophecies the Jesus fulfilled ... basic Christian facts that can help me share the Gospel with people...WHAT AN AWESOME GOD WE HAVE! I would love to have your teachings on DVD. Is there anyone in SA selling your DVD's? Kindest Regards, Ingrid Marais.”

Video: Various Videos “Dear Brother. I would very much like to buy copies of your messages. My Husband and I run a small fellowship here in N. Ireland and would like to distribute your messages. We live in a Country that up until about five years ago was the Bible Belt of Europe but it has now become very secular. I will be happy to cover your costs. We would like to obtain several copies as we distribute resources in our door-to-door ministry. God bless. Many Thanks.”

Video: Various Videos “Dear Pastor Crone. Thanks for sharing your testimony. Wow. That is great that you found Jesus. Amen. I myself, just became a Christian this year. It wasn't that I was an atheist, but I never knew God or much about the Bible my whole life. I knew of God and the Bible and that it had said he created the earth. Then of course in HS, we were taught evolution. But, I always felt something, can't say for sure what, but this question was always in my mind, if we evolved, what is the deal w/ God creating us? I think in my later teens, I may have been to church not even a handful of times. And even going to church, I still didn't have any idea about God or the Bible. I had read the Bible from time to time all my life, but never really understanding it. Well, my husband is still very much atheist, and won't bend an ear to God at all. To him, like many, it's just religion. I hope someday he will find Jesus too. But, I do have to say, it's a very challenging marriage. I will share your Testimony video with others too. This world needs more God in it, as I've told my pastor here. It saddens my heart how God, the Bible and Jesus are all betrayed as myth. The real truth is hidden just because certain people (Darwinists) want a Godless world. What the grass looks like on the atheist side, it certainly isn't greener by no means. I feel God lead me to your videos as well. I had bookmarked them perhaps a month ago, and finally got to your site to view them. I have to agree with you, that many call themselves Christians, but don't have God in their heart first. I also have to tell you, I love your sense of humor, and have shared your bungee jump/piñata joke with a few people. They loved it. I started the 10 Part series on Intelligent Design and will watch them all. I'm glad you have been blessed with finding God and now share his gospel with many. Not only do you share it, you explain the why it's important and how it's important and how one should be a real Christian. Being a Christian shouldn't just be a title, but a relationship with God. God Bless.”

Video: The Book of Revelation “Thanks so much for the Revelation study series. I am looking forward to sharing this with several small group believers from different backgrounds of Christian fellowship. The Lord is reawakening a number of believers who have wandered in lukewarmness for some time and my spirit rejoices greatly at the wonder of Christ's faithfulness to His body, the Church. Thanks again.”

Video: Various Videos “My Husband and I are anxious not only to see souls saved here, but to promote your ministry further. We listen to a serious amount of Bible Teaching on the web and you are by far the best Bible Teacher out there. Your Ministry is in our prayers. God bless you.”

Video: Various Videos “Your Bible Teaching/preaching is amazing. I am into theology/bible teaching in a big way and watch hours of sermons. God bless you and your family.”

Video: RFID: Mark of the Beast? “Hi. I was deeply moved by your message. Could you please direct me on how to get the full-length video by Pastor Billy Crone. I would deeply appreciate your help. Thanks and may God bless you.” (India)

Video: RFID: Mark of the Beast? “I just wanted to thank you for putting these videos on You Tube. My older friends (60-90 yrs) don't have a clue about any technology past the electric adding machine. Your video not only thoroughly explains this RFID, but documents it as well. You really educated me on it, although I wised up and started listening to alternative media, which has warned about these RFID's for over seven years now. Just wanted to say thank you and God Bless.” (Jack from Idaho)

Video: A Young Creation “Pastor Crone, your videos are inspiring. I am involved in the youth ministry at my Church and sadly I do not get many opportunities to go to other churches. I would like to try and get copies of power point slides, scientific papers, etc that I could use to back up the extra tidbits that you have used. I do not want to have a child come to me and ask me if I have the research to back up what I am talking about. I was wondering if this is okay. I would really like a chance to possibly set up a meeting with you if I could, that would be awesome! Thanks again!”

Video: Various Videos “I love watching your videos. I email them to my mom also. Thank you so much for posting these!!!”

Video: God is Personal “Wonderful sermon. I felt challenged by this message. Sometimes it's so easy to be busy "doing stuff for God but bypass my relationship with God.”

Video: If God Really Loves Me Then Why Do I Suffer? “Yet again, every time I listen to Pastor Billy, I think he can't get any better, he surprises himself every time. How do you preach without notes? This man is a genius. God bless.”

Video: A Young Creation “Wow, I love your videos. Looking forward to next week. Love you brother.” (Eric)

Video” A Young Creation “I hate when I see the discovery channel tell the lie of evolution being a possible origins of mankind. And children's book and text book "Millions of years ago..." laughable if it wan't so serious. It's the duty of each of us once

we have the truth to teach others. I love teaching medical doctors about the false use of carbon dating for anything past 5000 years. It's not possible to do so! research it if you can't find the video about carbon dating being a lie for anything past 5000 years. Christ love to you all.” (Joe)

Video: Are We Living in the Last Days? Part 2 “Great videos - Truth... man is always looking for truth. God is truth and His Word (The Bible/Jesus Christ) Is Truth. Sad, how man looks for it, but will deny Jesus Christ Lord.”

Video: Are We Living in the Last Days? Part 2 “Good facts... Good video!”

Video: Are We Living in the Last Days? Part 2 “On yahoo news they was a report on a computer chip size of a grain of dirt that fast with the super computers that can hold life time data of a persons life they said they hope to put it out in the next five to six years. When I read that chills was running across my back and hairs stand up. My Lord Jesus is coming soon.” (Joe from Spruce Pine, North Carolina)

Video: Various Videos “Thank you so much for the DVD's. Please pray for this Island (Ireland). The Church over here has really gone into apostasy big time. Most are Ecumenical (in League with Roman Catholicism). It is a hard land to reach. Thank you once again for your kindness. Be assured of our prayers. God bless you and your family.”

Video: Please Don't Go To Hell “The Church needs to wake up and start preaching the whole counsel of God. Many out there are perishing going to the lake of fire, because we the Church are too lazy to go and preach this message to the world. As an ex cult member I am astounded by how lazy Christians are.”

Video: Please Don't Go To Hell “We need to be warning everyone we know about the impending judgement of God. It is strange how many Christians are now teaching annihilation-ism and conditional immortality; where's the threat in that. Thank God for men like Pastor Billy who preach the whole counsel of God, and don't try to water it down!”

Video: Intelligent Design of the Universe “TREMENDOUS!!!!” (Canada)

Video: Intelligent Design of Solar System & Human Body “I enjoyed the video myself. It's nice to see this on youtube!” (Andrew from Ottawa, Canada)

Video: Chosen to Be a Disciple “Sir, thank you for sharing the sermon held by pastor Bill Firth about "Chosen to be a disciple". I wanted to make a comment on the God Tube and rate the video but was unable to get pass the page that requires information and a log in signature. But I wanted to let you know that this sermon in particular has been a blessing to more people than me. I found it by "accident" and I have forwarded it to other people who in their turn has shown it to their friends. And all say it has been an eye opener to them. I have searched for more sermons by pastor Firth but have only these three on God Tube. Do you know if there are any more videos with him on the Internet? Does he have

a web site or any information about his ministry and who he is? I live in Sweden and don't know anything about pastors or congregations in US or Canada but once in a while I come across this kind of blessing, like pastor Firth's sermon and I am so grateful that you put it on God Tube. Thank you and God bless. (Ida from Sweden)

Video: Please Don't Go To Hell "Thank God there's still people telling the truth... the doctrine of annihilation in particular is very attractive, and I nearly fell for it myself until I started studying what Jesus Himself had to say about hell. I have yet to hear ANY of this from a pulpit in England. Pray God for a revival here." (UK)

Video: The Hidden Dangers of Secular Music & Media "Wonderful. When Christians behave exactly like non Christians, listen to the same music, watch the same tv shows, it's no wonder they don't have an impact. Video: The Da Vinci Code (Rich Neumann) “Very interesting. Something that Dan Browne forgot though (presumably not having studied the history of Medieval European and English Literature) is that the pentagram originally was used by Christians as a "code" to refer to the five wounds of Christ... or before that, by Jews to refer to the five books of Torah. Most modern pagans have utterly rewritten European history. I'm an ex witch, and was too well educated to believe the balloney that they wanted me too. But most neo pagans believe whatever the current media trains them too. Nice to see some sound religious teaching. Thanks.”

Video: The Da Vinci Code “Really good expose... I wish that people who read such fiction as the Da Vinci Code would do some research into the claims made... even when I was a witch I was disturbed by how inaccurate many of the claims were. Thank God for pastors like Rich Neumann... and I hope this video goes out there to stop people from being deceived.”

Video: A Young Creation “Pastor Crone, I'm happy you added a test to the end of this video. I hope everyone who watches it will take that test, and consider where they will spend eternity. God Bless. (Steve from California)

Video: The Ten Commandments "Dear Mr. Crone. My name is Christopher. I'm a 25 yr old male who lives right outside Chicago, Illinois. I saw your services on the 10 commandments on youtube. I haven't been to church in over 10 yrs. However after seeing your broadcast not only did you make some very good points including the Christmas speech. I couldn't have said it better. People have totally forgot what Christmas is. You are a very good speaker as well. Half the reason I stopped going was because I lacked interest in the teaching style of the person. That and until recently I had been lost in the dark not caring and purposely running away. The reason I'm writing this is to simply say I think your awesome at what you do and keep up the good work. God bless."

Video: A Marriage Built to Last "Hello Pastor Crone! My husband and I started watching your videos together when he was home. We really have a lot to learn!! Thank you for sending them. We are still watching them, just not together. We were trying to stay on the same pace to keep it fun, but of course that is not realistic with our opposite schedules. We talk about things that we need to work on, and let each other know what the other is trying so we understand each other. So...The Need for Communication is really important, especially in our situation!! Thank you for being a part of our growth. We are taking a different path now ~ together. We have had a lot of issues, both individually and together. I'm happy that we are moving forward. We are now more aware of God, and are more conscious of our actions. I saw your video where you talked about your past. I hope that you know what I am trying to say here since I cannot figure out a way to really express how different things are now. I have always known deep down somewhere inside of me that I have a purpose here on Earth. Literally....I should not be here today. My thought process has not always been healthy, and even though I knew I had a purpose...I didn't really understand why some things had to happen to me. Really, I didn't care. I now know that I had to experience some of those things to be who I am today. Anyway, I am going on and on now. I am thankful that my husband and I are growing together with our daughter. I love our family. Even though we have not met, you are a big

part of our lives now. We want to plan a trip out your way so that we can meet. That would be fun! Take care, and thank you again! (Sherrill from Louisiana)

Video: The Book of Revelation “Yes...webcast...ya!

Video: The Book of Revelation “Amen...you go Pastor Billy!”

Video: God is Powerful “Awesome and unforgettable. The One who said through the prophet Isaiah that He directed all the stars. It’s difficult to see how He could lose control over His universe.”

Video: RFID: Mark of the Beast? “Finally someone has brought something factual and undisputed to the fold. Thank you, thank you, thank you for bringing to light this blatant attempt to enslave mankind by other men. It is our fault as a whole for buying into all this phony media and terrorists entertainment. We have basically signed our lives over to the devil.”

Video: Are We Living in the Last Days Part 3 “God bless you for posting this!”

Video: Get A Life! “And here I was think I was the only dumb dumb to give my self over to satan and see the thing you have. I can safely say, "Been There, Done That"!!! But I had to literally DIE before I would come to the foot of the cross. That was 24 years ago and I'm still waiting on what God has planed for me and now my family.”

Video: God is Wise “It’s a great message. Thank you.”

Video: Are We Living in the Last Days Part 1 “That one woman was very brave to talk back to "The Oprah". I applaud her! I just wish more people would have stood up with her. We as Christians need to stand out like that, and rebuke the lies being told to corrupt and destroy the salvation given to EVERYONE. There is only one way and that is through Jesus Christ!”

Video: Are We Living in the Last Days Part 2 “As we see signs that point to his coming... I honestly get happy!! When I see a video such as Pastor Crone's, it brings me great joy! Do you know where you will be spending eternity? Do you know it is Heaven? If not, find out soon please - before the Rapture! God Bless.”

Video: The Book of Revelation “WOW. Pastor Billy I really enjoy your teaching, ah, I think. Sometimes I feel like your beating me up but I know thats when I need to pay attention because these are areas in my life I need to work on. You still make me laugh between the beatings. Keep the videos coming.”

Video: A Young Creation “Very good work Pastor Crone... you plan on putting all this together on dvd? Let us know!!! God Bless.”

Video: Are We Living in the Last Days Part 3 “HOT HOT HOT, This vid is very very good & any none Christian that see's this. Please don't think its all a load of rubbish, it is not, it is all true & can be proven & has been proven to be that over & over again. The media in all its forms try to make claims that not one part of the word of God has been proven to be true at any time. These are absolute lies, the proof is there for all to see, in prophesy alone there are 316 of them that state who & what Jesus is in the old testament. Every one of these prophesies came true & have been proven to have come true. So please open your eyes, ears, hearts & minds to the truth of the word of God & accept Jesus into your heart & life now. God Bless you all.”

Video: Are We Living in the Last Days Part 3 “I liked that video very much. It was inspired and powerful!! Great job and keep up the good work!”

Video: Various Videos “Dear Pastor Crone, I really enjoyed the Who Says the Bible Is God’s Words and the Young Creation series. I’m going to watch more. It is truly amazing how this info is very much suppressed. I have posted links to your videos at [www.expelledthemovie.com](http://www.expelledthemovie.com). (blogs) A documentary by Ben Stein, which will discuss academic suppression in need of academic freedom, as well as exposing how scientists are badly treated for even thinking outside the box of Darwinism. Please keep up the great work and I will post your video links wherever I can. People need to know the truth. Our God is truly amazing, and people need to know he does exist and he is our creator. God bless you and yours Pastor. (Marilyn)

Video: Various Videos “This thing I love about the videos you do is this...you come across with such love, but also with such energy. Most of all though is that you show that you do not want one person to be lost. That’s compassion. There is more I could say but these points come across so much, that any true Christian could just hug you so hard for what you are trying to do and do do. So if we could hug you so much for this, just think what our Lord must think of your work. Billy you have been given such a special gift, in some ways I could envy you, but in others I just could not do what you can and do. The gift you have been given is wow, but we all have our own jobs to do.”

Video: The Book of Revelation “Dear Pastor Billy, I love the videos posted on YouTube. I just finished the revelation series and am now on the same book and page with you... (hehe). I have done extensive research on all the subjects you have been mentioning, though you have hit the nail square on the head on all accounts, (you go boy!) it goes

much deeper and is much more incedious than you could ever imagine. I now know what real terror feels like. But as you have said, "take a chill pill", God's in control, Amen?.....:) I have many videos at my disposal through my research. If I could be of any help to you I would be blessed. Video: The Book of Revelation "Rev. Crone. I just watched your Revelation Sermon on You Tube. I have drifted back toward Christ in the past few weeks, but now I feel more invigorated than ever. I have been struggling lately with a recent divorce, financial burdens due to that, and anxiety. I am born and raised a Catholic, however I feel like we are brothers in Christ. What keeps me going is my faith and my mother (praise god for her) who has helped all along the way. I want to thank you for your ministry, I will be checking it our often. I have made a decision to read the bible in full. I know I need to be a better person. Pray for me and my 4 year old, that we will get through our struggles and that Christ will continue to help us tread these earthly problems. Could you send me the prayer you have regarding asking Jesus to forgive my sins. That really moved me. Also if

you could recommend any ministries in the northeast Ohio area. I also have a dilemma of feeling like if I leave that Catholic Church I will feel guilty, I know there are differences but I think in the great scheme of things the message is the same. Any recommendations? It is a dilemma. Thanks again for your ministry, God Bless you, your wife, and your church. Again, pray for my family. If your ever in Cleveland let me know, I'd love to go to your sermons." (James from Mentor, Ohio)

Video: An Intelligent Creation “Those were some interesting facts, especially about the human body. But, I freely confess, although I am now a Christian, when I was in school and taught evolution, I believed it! Why, because I was taught it and nothing else! Folks we really need to pray that God is put back in the school curriculum. Fighting amongst ourselves will not accomplish this. For we wrestle not against flesh and blood.... For with God nothing shall be impossible.” (Terry from Kalamazoo Michigan)

Video: RFID: Mark of the Beast “I'm amazed at how many people are skeptical of this. I was in the military and they started using these chips in ID cards waaaay back in 2000. No wonder scripture says people will be caught off guard when the tribulation starts. So much animosity against someone just trying to warn lukewarm Christians. God Bless!” (Leroy from Newport News, Virginia)

Video: The Book of Revelation “2 Cor 6:14 - 6:18 If we are in the last days, and I believe we are, the true children of God all around the world are having to rethink where they get their food from. As Jesus told Peter, "feed my sheep", the church or body of Christ is

VERY hungry for food and for the most part we are not getting it down at our local church building. That's why I was told to come out from among them back in 1990. But that's me and because God called me out but far too many born-again believers as SO hungry for food but they have this yoke tied around them to get into a Church that they can't break free and find a body of believers where they can grow. I have seen this with my own eyes people starving for the real word of God the one this man talks about but we can't just pack up and head to his church and I'm not so dumb as to think he's the only one out there teaching and feeding people with the truth. So what do we do to find a body of people who are being fed the truth of God's words for the last days? First step is, come out from among the ones who feed you half truths and watered down new wine. Spend that time before God asking Him to bring you to a place where people teach the full word of God and acknowledge we are in the last days otherwise they just spend all their time building up their lives here and don't live like this could be their last day on earth. Otherwise stop saying we are living in the last days, it's one or the other. My point is find a group of believers who you see God's hand on and get your food there." (Clyde from Pampa, Texas)

Video: Various Videos "Hi, yes, I'm a fairly new Christian and I really appreciate the sermons from Billy Crone. I am located in Toronto, Canada, in the Bayview and Eglinton, or Leaside area, and I am looking for a church to go to. So far I have found some churches but not ones I have felt particularly fond of. Do you know of any churches in my area that you can recommend? I am asking you because the message at the end of the Billy Crone videos. I need your help. Thanks. Brandy, student, follower of Christ, searching for a church."

Video: An Intelligent Creation "I am flabbergasted right now: I will email you when I'm done. You are very blessed and I have been to every dog and pony show imaginable searching. I am an electronic tech and have logic reasoning, I just watched the creation video and am at awe. I have a discernment that detects fakes: You are not...enjoy. Often when I watched (tiny) spiders I often would think, How could a brain that is so small be

so programmed so as to allow this insect to be so ecologically inclined so as and be so masterfully matched within its (designed) surroundings. You have the godly charisma that pastor's drool over. Problem is, only God picks those willing to do so and not those who fabricate and illusionise their people for whatever reason. Simply Amazing."

Video: Various Videos "Hello Pastor Crone. My name is Donald Mayfield and I absolutely love your sermons. Many things I've heard in your sermons I've told people in the past as my beliefs (The reason I say many things is because you say things I never even thought of or knew about). The issues regarding "Aliens" & the great deception. The flaws with scientist regarding Carbon dating etc... I was raised into the "Church of Christ" where I have lived all my life in Pasadena, TX (except for a brief period of time). I have been looking for a Church that actually looks at the whole function of the equation, not just bits and pieces that it chooses to address. I'm very impressed by what I've seen so far in your sermons, you tackle everything it seems because Jesus said too; I love it. I recently moved to a Baptist church here because something didn't feel right at the local Church of Christ. For a brief time I felt I was just having Lucifer's minions throw me astray (and yes, I'm sure they did), but I also didn't like how certain facts like making "music with your heart" equated to no musical instruments, especially when the bible says that the apostles played drums and harp. I didn't like the fact that they believe that there is no Nephilim or fallen angels walking the Earth because Jesus took "Legion" and sent them to the abyss while using the pigs to do so. They believe that there are no "evil spirits" on the face of the Earth ever since Jesus went up into the heavens... Again, only a fraction of the function being utilized that is the Bible. I thought to myself, Do these Deacons not know of Paul and Barnabas walking through the streets and the young slave girl that was facetious towards them and how Paul casted out the Evil spirit inside her (Acts 16:16-18)? There is also other stories, but I don't remember the locations. The point is I didn't understand why they wouldn't teach that. When I went to the Baptist Church everything was great, but then the things this church spoke out against, collection plates, spamming mail etc...They started doing. Don't get me wrong, I know we are to give, but when someone points out to you "Church A is bad because of this!", then they turn around and do what they were pointing out it just seems awkward to me. The fact they were also telling us to "hurry up and donate so you can get in on the blessing!" threw me off as well. They are building a church with a stream in front of it made of concrete and fountains out in front of it that are going to be 10 million usd. Either way, most of the sermon is talking about this huge church and I get more out of watching your videos than I do going there. I really wished their was a church like yours around here. I showed my cousin and best friend your site and we're all just enthralled that someone is not dancing around the issues in circles. On behalf of my friend, cousin & myself I wanted to thank you for making your sermons available and ask if someone being apart of your congregation via internet has ever been heard of? I think we'll keep tuned to you for the message, you seem to be the real deal and we all thank you. Sincerely, Donald Mayfield"

Video: An Intelligent Creation "Great video man, the evidence is overwhelming for creation and ID!"

Video: Various Videos “I have been watching all that I can of the youtube videos and am getting quite an appetite for the truth. Time is almost here as the last hour is ticking and people take it easy thinking. Mr. Crone: Thank you for what you do and thank you for serving the lord with a pure heart, something that is not seen in modern society. I wish I was back in N.Y. but oh well. Thanks again. God Bless.” (Johnny from Silver Springs, Florida)

Video: Various Videos “Pastor Crone: Thank you again for your churches media out reach. I get many great blessings from your proclamation of God's Holy word. I look forward to what God has laid on your heart to share and I wish to encourage you in your ministry before Him. This government has been scheming and planning this slowly...It was in full motion starting on 9/11 they fake that, so we will think everyone could be a "terrorist" so we "sheeple" line up to the GOVERNMENT for safety! The "RFID" will give us all this false sense of security that will be used against us all later. WAKE UP PEOPLE!” (Jackie)

Video: The Holiness of God “I am really enjoying all the DVD series. My only regret is I'm not there in the congregation. I must confess that my faith has been deeply hurt after being around practical atheists all these years because Christians seem to go to Church more out of obligation than true worship. How are Bible Study groups in your Church? Thank you and God Bless You.”

Video: Attack of the Killer C's “Pastor Billy. Thank so much. As Christians, we also have the killer media. The media that encourages sin. I rarely watch TV, only listen to positive music. Here are the killer medias: 1. Music 2. TV/movies 3. Video Games 4. Internet/books What kind of media should we Christians be entertained by? Is it ok to watch movies or TV shows with violence? Is it ok to play video games with violence in it? I have been saying no to all of this. God gave us laws and we break them by doing it in our hearts by ingesting this kind of sinful media. That's what I have come to believe. I enjoy your sermons. God Bless.”

Video: The Book of Revelation “Keep up the good word brother Billy. You are red hot. All people are being conned over and over again and they need to open there eyes to this fact. Video: The Book of Revelation “This service spoke to me, thank you GOD!!!” (Raphael)

Video: Various Videos “We are so close to the tribulation and Jesus returning. I just woke up to that fact about a year ago and accepted Jesus as my Lord and Savior, or I should say the Holy Spirit opened my eyes and woke me up! I am SOOO THANKFUL to God for that. I keep trying to tell my friends and family but no one wants to hear it. They know the truth but they are not ready to turn their life over to Jesus Christ or they are too scared to hear what is happening. I hear both of these excuses. My daughter says she does not want Jesus to come back yet, her life is just getting started. My sister said it scares her to hear what is happening but she won't turn to Jesus for peace. My ex-husband says he will hit the altar when China goes to war with whomever. Doesn't make any sense does it? All these guys were baptized at one time in their life and said they were saved, but like I was, they are not living as if Jesus were coming back. My mom and I pray continually for them and try, by the grace of God, to let our changed lives be a witness to them. My mom and I are watching your sermons on GodTube. I really appreciate you posting these. They are definitely anointed of God and have touched us both. We enjoy watching them and then calling each other to talk about what we heard. My mom lives in Texas (Cut n' Shoot of all places, outside Conroe) and I live in Wichita, Kansas. Oh, also, my Pastor and my mom's Pastor also believe we are in the end times and have been calling their churches to repentance and holiness. Pretty awesome. God Bless you and your family.”

Video: A Marriage Built to Last “I liked what you said about men and women. You opened my eyes and I thank you for that one. For me the most important thing is to be happy as long as I live and enjoy my time on earth! I would like to hear your ideas about the reason of life, Gods motive of our creation, why did he create human beings??? Was he feeling lonely and bored? Further on, why does God allow wars, and why does he allow suffering? I thank you in advance for your answers. (Zsolt from Romania)

Video: Various Videos “Dear Pastor, I was writing to my friend about believing that the whole bible is true and an advert popped out about your free offer of creation DVDs. I would appreciate very much to receive this offer if it still stands. I am doctoral student in Chemistry and during BSc I majored in Geology and Chemistry. In geology classes we were bombarded by the ideas that the earth is billions of years old, but this is in direct contrast to bible teachings. I will be happy to receive your DVDs on this subject and even pass them around to a number of friends at our universities, some who are adamant believers in evolution including my professor who is not sure whether evolution is real. MARANATHA!! Come Quickly Lord Jesus Come!! (Munyaradzi Mujuru from Pretoria, South Africa)

Video: An Intelligent Creation “Great video!!! For those people that still believe's in evolution. Evolution is totally false. People, you should read the Bible more. It tells in there that God made the Earth, not evolution.”

Video: Attack of the Killer C's "Convincing...Gods Word (Jesus Christ son of God) speaks for Himself. His Word is for those who have ears to hear and takes it to heart. Video: Various Videos "I received the package today and I thank you so much! I was so happy to get them. My little brother mocked me, the rest of my family said nothing, and I talked to my friend Felicia about watching them with me sometime. After watching one of your sermons online before I got into contact with you I'd went out on a cold night into my backyard and got rid of whatever remained of my past behavior. I thank you so much for your support and kindness. I will remain in contact with you and tell you how things go. I pray for those around me everyday that they may find Christ and that I may save at least a soul to faith by the Spirit. I do not know yet my Spiritual Gift but as you can see, I write better than I can speak. How can I save souls through my writing rather than through my mouth? I've written some poetry lately and God's granted me the confidence to read it in my class to my atheist teacher who taught the Bible for years but refuses to take it for what it is, as the Word of God. I am going to 5 days of worship, sermons, etc, at a C4C event at a hotel! The event is known as Winter Conference and although it's expensive, but the price does not matter. I intend to bring your sermons to share with my Christian friends at this event, and have already told many of them about it! I was so happy when I received them in the mail today, I couldn't stop the smile on my face or

keep from jumping for joy, even with my brother mocking my faith. Also, please continue to pray for me and Felicia. I'm afraid that her heart is still blocked, and uncircumcised as it is written in Jeremiah. I did mention to her that her mother may not be a true Christian because of all the unholy things she does and the harm she's done. Felicia said she's thought the same thing more than once before changing the subject. She grows quiet when I talk to her about how I've been saved, and turns her head and changes the subject. Or she simply refuses to pay attention. I am concerned for her, but I continue to pray. And I remain faithful and at peace. Peace be with you and your family. Brandy Curro, student, friend, sister.” (Canada)

Video: Various Videos “Hi Pastor Billy! I felt the need to let you know that the Lord has led me to create a webpage with videos about "Living in the last days", and your videos were propagated with my software program that brings in compatible videos with whatever subject I decide to use for my keywords! What is interesting and right on the money or target, is the fact that the message you preached is the exact one the Lord wanted me to know! Even though "I" felt "I" wanted to try living in the last days, it was more like the Holy Spirit guiding me to see you and this message of what my, and your Father in heaven wanted me to know. I wanted to let you know I appreciate the word of knowledge in this matter! We are so close! It's weird but I think of chicken little often, and did as a child as well, and find myself in the position of "warning" people that the sky is truly going to be falling! The world will burn up, and all the things in it! I have put you in my address book, as I want to keep contact, so I can get more nuggets from His Word through your preaching, and/or emails! I am a Christian! I am filling my lamp! I am going to watch your other videos now!” (Don from Minneapolis, Minnesota)
