Video: Various Videos “Billy, I watch your programs every night, I simply can not get enough of your teaching and passion. LOL I suppose you could say I am addicted to your teachings, just like you are to the chicken fumes from left overs. Get back to me as you see fit, Billy. Thanks so much!!!!!!!!!!!!!!!!!!!!!! Your Brother in Christ.” (Andrew from Tennessee)

Video: Various Videos “Dear Mr. Crone, I just wanted to thank you for everything that your doing through your ministries. Your sermons on youtube have truly been a blessing to me and my family. I was wandering how can I get a hold of your videos to study and to help spread the Gospel of Jesus Christ our Lord and Savior? I believe God is working through you to get his message across that time is truly at hand. Your messages are to the point and concrete. Its rare to find a pastor that doesn't only preach a feel good message, but also preaches a message that makes you aware of the times we're in now. Not to scare us to better prepare us. When we see these things happening around us look up and Behold the Lamb of God. Again, thank you for your teachings, and if you could email me back on how to get all your dvds that would be great. May God bless you and your ministries.” (Alex)

Video: Various Videos “Aloha Pastor Billy, your joke about the lady on the bus and the guy saying he'll hold the monkey while she talks to the driver from you Losing your first love series...has to be one of the best! I just wanted to let you know that you have explained the Dinosaur issue the best in my opinion. Many questions were answered! Maranatha! Aloha.” (Woody from Hawaii)

Video: Various Videos “loved this!! im inspired. i want to know more about Jesus glad i stumbled upon this page!!”

Video: The Secret to a Peaceful Life “Before I was saved, it was all me, myself & I. What should I buy especially and how could I make myself even more beautiful w/ makeup books & more makeup. No where in the Bible does it teach to love ourselves..the 'golden rule' Love the Lord with all your heart & second is to love your neighbor as yourself. This world does not honor either & the idea of considering oneself to be less then another is scoffed at to say the least. As Christians let us strive to serve our Master w/ our hearts.”

Video: What Does the Bible Say About UFO's? “Pastor Crone....thank you for always speaking the truth in Christ's holy name!”

Video: Various Videos “Hey Pastor Billy, just to let you know that I am praying for your Ministry and will mention it to my Brothers and Sisters at church. I attend Iglesia de Calvario with Pastor Osvaldo Torres. Maybe, God Willing, we can visit one anothers churches at some time. Bless you my Brother.” (Kurt)

Video: A Marriage Built to Last “Pastor, I just want to share an awesome testimony. The other day I had a client come to my office to retain my services regarding an infidelity case. As I listened to this man the Holy Spirit came over me and I thought how can I help

him? I can't refer him to just any church. Then it came to me. Get him the movie Marriage Built to Last. But I didn't have it on hand so I had to give him Fireproof instead. Which is what I did. By 7am the next morning the man called me and said he was so moved that he was giving it to his wife to watch. I may have shot my self in the foot financially but I see God having a hand in this. I see now how I can introduce your 'Marriage Built to Last' to my clients as well. The Lord is doing wonderful things. God Bless.” (Will from Florida)

Video: The Secret to a Peaceful Life “Dear Pastor Billy Crone, I enjoyed your video you did on the series Misplaced Attitude. You are so gifted in how you present the word of God. Keep up the good work. I find you a very loving and compassionate person when dealing with people. God Bless.” (Kathy)

Video: The Final Countdown “Pastor Billy, I just ordered the "Final Countdown" series and will order another set to be shipped to my co-worker in VA. We were talking about the recent Jerusalem "UFO" footage and this just opened up the door to me kind of witnessing to him. We just started talking about all kinds of things from "UFO" to Haarp to how this Egypt mess could possibly be the start of armageddon. Lord knows. I told him about how I stumbled upon you on youtube and how eye opening your message is. I was telling him how it re-energized me for Christ, how close his return is and how I've cleaned up my life drastically from comfortable sin. A lot of people just simply are not aware. Long story short, he wanted me to send him a copy, so I am. One piece of media at a time brother.” (Timothy from Colorado)

Video: A Marriage Built to Last “Good morning, My husband & I teach a young marriages class in Memphis. We are looking for physical materials/workbooks and/or resources. We enjoy Pastor Billy's podcast do much that we thought to check if you offer any materials to aid in his sermon. Thanks for your time.”

Video: How the Antichrist Implements the Mark of the Beast “man i so love learning this stuff...it's an awesome feeling knowing God chose us to possibly live in His second Coming.” (Bud from Arizona)

Video: Various Videos “Pastor Crone, You know, freely sharing with others just makes sense to me. I mean, if you really believe you have the most important life saving message on earth, why would you want to copyright it so you can't share it? I am familiar with your resources through Cutting Edge Ministries. I have purchased some of your DVDs through them. I have the one entitled, *God is Holy*, which I really enjoyed. So nice to see someone stress the Holiness of God in this day of " the god who would never judge anyone", etc... One I would like to see is the most recent one you've done: *Are We Living in the Last Days?* I will be sure to watch your testimony. I told my friend about your ministry a while back. She also enjoys your teaching very much. Thank you again for your faithful commitment to Christ. God bless.” (Linda from New York)

Video: Various Videos “Dear Mr. Crone, I would love to have a copy of all your dvds if that's possible, but if not, I would like to start with the revelation studies. Either way, I would like to have all of them because their so great, and packed with tons of

information. I try to watch them on my computer screen, but the screens' to small and I'm getting too old to see. Thank God for ears! Ha Ha:) Again thank you so much. May God bless you.” (Alex from Virginia)

Video: Various Videos “Hey Pastor Billy, Thank you so much for your teachings on the end times. I have learned so much and now feel the urgency to share the Gospel with people. Please let me know how I can share your teachings other than via youtube links (how I have been sharing). There are so many people asleep, even in my home church people, including my pastor just don't want to hear it. I think my church is going emergent and my husband is a scoffer. But I am looking up every day and expecting to hear the Last Trump! Thanks for everything and keep it up!! I am also asking for prayer for a lady named Debbie (a catholic) that I met while on a job. I have shared with her some of the things that I learned through you and she called today and wants to meet with me Monday to hear more. I want to share the Gospel with her so that she can understand the peace I have through Christ and the "blessed Hope" that we are all waiting for as His Bride. Thanks for the prayers. Your sister in Christ.” (Lori)

Video: Various Videos “Hey Pastor Billy, We spoke last summer I believe over phone about me wanting to go into ministry. I just want to tell you how much you have been a blessing in my life. I've watched every single one of your sermons and own a lot of them on video. They have been such a blessing in helping me defend the Word and trying to bring people to Christ. I never had such a passion for the Word before I started watching your videos and reading the Bible more, so I just wanted to say thank you so much. God Bless You.” (Jesse)

Video: A Fearful Creation “My nephew really loves dinosaurs. I thought it would a good gift and it ties in with the bible, which is awesome, he’s been getting the watered down version of the dinos and I wanted him to look at it in a more true nature. Cordially.” (Justin from Kentucky)

Video: Various Videos “Dear Pastor, you have been one of the most influential and meaningful Christians in my life. I praise God that He is using you mightily. You are dearly loved and appreciated by this lil' sister over here in Cali.” (Purvi from California)

Video: Various Videos “Dear Mr. Crone, thank you so much for sending the revelation studies to me and my family. I'm sure when I get them there'll be a lot of bible study in my house with lots of family, which is great. Thank you and God bless you and your ministries.” (Alex from Virginia)

Video: Get A Life!” Hey Pastor Billy!!!! WOW!!! What an awesome testimony!! God is so Amazing! I hope you have time to hear mine. I was born in Cuba (in to a catholic family) in 1960 two year after Castro took over. My father was a doctor and he knew what the Castro regime was about so he started plans to get us out of Cuba through a catholic relief program. The applications were filled out to rescue my family. Because it is considered an insult for anyone educated to want to leave Cuba, my family was put on a two year probation as a punishment. During the probation the government came into

our home and took an inventory of everything we owed. At the end of the probation they would come and take another inventory. If anything was missing or broken at the end of the two years, my father would go to prison as a political prisoner, we would lose passage out of Cuba and we would be homeless. My dad had to keep working without a car and without pay, we were not allowed to buy or sell anything including food of any kind. But God fed us, every morning in the back of the house on the windowsill there was enough food for us to survive for the day. That went on for the entire two years. My sister and I were punished at school for being children of "traitors" by losing our bathroom privileges. The last day of school the teacher got all the children in class to hit us over the head and call us a traitor. She told us that God didn't exist and that Americans hated us and that there would be a firing squad at the airport to kill us when we got to the US. When we were finally on the plane my father started to cry saying "we are finally free". My dad was 63 years old with emphysema, two cataracts and coronary heart disease. When most men his age were ready to retire, my dad was starting over, responsible for a wife, two daughters and his great aunt. While in the US it took us several years to finally rent our own apartment in the slums of Miami. My dad was offered a job in a state hospital in Osawatomie Kansas where we were treated terribly. We were bullied by the high school kids in our town, we were spit on, cursed out, beat up at school, robbed of what little we had. They even killed our dog and tried to get my dad fired. By the time I was in High School I was a complete mess. I was full of fear, hatred and revenge. Cuba taught me how to fear and Kansas taught me how to hate. My father died when I was 18. I married the first guy I was dating. Looking back, I think I was trying to replace my dad. I was divorced a year later. Then I met my current husband which I have been married to for 27 years. He was saved, but not acting like it and I was still a mess. I was trying to be a good catholic but I felt dead inside. I joined a class that our priest was teaching and all I learned were rules. I set up a meeting with the priest and told him I felt like I was going to hell and he gave me some scripture to read and told me to pray the rosary and I would be fine. I did as he said and still felt like I was dying. After meeting with him again a couple of times and getting no help at all I decided to go to my husband's Baptist church where I heard the Gospel for the first time. I was 28 years old. The next day I was sitting at work reading the Bible and suddenly all the sins that I had committed came crashing down on my shoulders. I felt the weight of them and cried so deeply. Then in the middle of the tears I yelled out "Jesus save me. I'm so sorry." From that moment I knew I had peace with God. My mother and sister rejected me for leaving the "one true church". My mother took me off her will and my sister quit inviting me to family reunions. That was very painful but The Lord taught me that my inheritance is in Heaven where moth cannot eat and rust cannot destroy. I've grown so much in the Lord since I was saved on August of 1986 and since I've been studying Bible prophecy and our Lord's return, I know He is REAL and I feel He is just at the doors of Heaven ready to come for His Bride. I feel an urgency to share Christ with people. I don't know what to ask you to send me but whatever you choose, I will definitely share. My God given gift is art and He uses me to touch others while I am painting murals in different places. I have had no formal training but God has been faithfully sending me work for the last 20 years. Please know that if you ever need any art work done for your ministry, I am here to help and will not charge you a penny. Thanks so much for reading my testimony. Please feel free to share it with whoever you'd like.

Sorry about the grammar, I'm still learning English...lol. May the Lord bless you in your work. Your sister in Christ.” (Lori from Kentucky)

Video: Various Videos “Aloha Pastor Billy, I know this will hurt you, but we have 2 chickens because we like to eat their droppings...eggs like you say! Man you must have had some bad experience with chickens huh??? Some of the guys at in our church watched your Fearful Creation, and they agreed with me, it's the best. They also watched your Final Count Down and they are liking that one too! Keep feeding the Flock Pastor Billy....we need it! Maranatha!” (Woody from Hawaii)

Video: Various Videos “First of all I want to personally thank you for preaching truth. There seems to be a lack of that in today's churches. It seems to be a lot of desert and not enough meat and potatoes. Thank you. May the grace of the Lord Jesus Christ, the Love of God, and the fellowship of the Holy Spirit be with you all.” (Chad)

Video: Various Videos “Pastor Billy, I have been born again for about 5 weeks now. I'm still a youngin in Christianity. I found some tracts at a truck stop that I have been passing out. I was wondering if you had any tracts with your web site on it. I download and listen to your sermons everyday. I am going to put a sermon on a CD and give it to a guy a work this evening. Thanks for being an awesome pastor.” (Zac)

Video: Various Videos “I've watched several of your sermons and I'm very-very impress with your conviction and accurate proof. Your God fearing messages are genuinely appreciated. Thank you. Jesus Be With You.” (Raquel)

Video: The Secret to a Peaceful Life “I could not stop from shouting "Hallelujah!" throughout the sermon. The truth is coming from this man and it is SO needed in the world right now. Everyone please share NFBC media far and wide...they do not have copyrights intentionally on any of this so you can freely distribute. They will send you whatever you need. Time is running short and this is such a powerful and simple way to witness. God bless all of you!”

Video: The Final Countdown “Liked your Countdown series on U-Tube.” (Richard)

Video: The Book of Revelation “Hi Billy, me and my friends we are listening now to your revelations studies through smyrna.” (Serge from Canada)

Video: Various Videos “Hi Pastor Billy, I'm writing to tell you about a new and exciting step a few of us here in Bradford, UK have taken. We've begun a ministry in duplicating and distributing CD's/DVD's to reach the lost and equip the Saints, offering all of the media for free. Our web-site is still under construction but you would be welcome to take a look and see how it's developing. We would love with your permission to dedicate some pages of our web-site to offering the media your ministry produces to folks here in the UK, if you would be agreeable to that we wondered if you would also agree to supplying us with some master copies? We find that method produces better quality versus burning to discs converted WMV files. My family and I began watching the Revelation study last year and we've just about caught up to present. I look forward to hearing back from you. God bless.” (Lisa)

Video: Various Videos “Hey Pastor Billy, I'm so excited!! The package is here!!! I can't wait to copy and share them with people. You are such a blessing in my life!! I have learned so much from your teachings and YES, I am MOTIVATED and taking that CHILL PILL!!! (You gave me an idea for a T-shirt featuring the Bible as my chill pill). I only wish I lived close enough to your church to be a member. Our church is becoming a wishy washy emergent church but my hubby plays guitar on the altar every Sunday so it's hard for me to leave without him. I have been praying that God leads us to a Bible believing church. I want to jump up and shout "People!!! Wake up!!! Jesus is coming back!" I feel so frustrated when I sit there Sunday after Sunday and don't hear a message with the true Gospel and the coming judgment of God. Well, God bless you and your ministry. Thank you so much for the package. I will copy, copy, copy then share, share, share!!!” (Lori)

Video: Various Videos “My my, my, the Final Countdown is literally flying off the shelf so to speak at our church..... the men's bible study cant get enuf.....tomorrow they will be doing The Rise of Apostasy.... seems word about this study has caused a swell in the attendance in the men’s study..... ive burned so many copies now all but One World Govt on volume 2 no longer will burn in the duplicator. My friend mike at church had a friend take his 10 copies and was able to put all of them on 2 disks...so now i have 10 thru 6 on one disk and 5 thru 1 on the 2nd, which will now reduce the load of disks ive been blowing thru!! i was really excited about it when he gave me the 2 dvds this morning.....i got to speak to someone from our church i had not really had the chance to get to know until today.....turns out that she is an ex mormon and has also watched the Final Countdown in its entirety and has watched all the different dvds i have been leaving including revelation and various creation (including ones on the dinos) she absolutely loves your sermons and was excited to find out who was leaving them.....she seemed kinda surprised that we knew you and brought up the standing firm movie which she is

now looking forward to getting.....she also wanted a copy of your entire creation series ...so we'll be hooking her up.....” (Roxanne from New Jersey)

Video: The Book of Revelation “Man, there need to be more pastors out there that actually preach what the word of God says. Im tired of going to church and it is the same thing every Sunday. Churches are so into tradition and religion that the people dont understand how to have a relationship with God. Yes, some things should be the same each week for a little bit of structure, but tradition becomes bad when God is out of the picture.”

Video: Are We Living in the Last Days? “wow! Im going to watch his book of revelation videos. :) It might be frightening to watch but it is the truth.”

Video: The Final Countdown “Just an update...all the church elders and all but 2 of the deacons are now watching and requesting the FC...in fact the one elder who had personally asked me a month ago why i felt i was called to "attack" false teachers is now leading the charge in getting the others to either buy us a bigger duplicator or help provide blank dvds to help with our "ministry."

Video: Various Videos “Hi Pastor Billy, I hope all is well and that the Lord is blessing you every day. We have finally found a church in England that actually preaches the Bible and have moved to a tiny village that both looks and feels like it belongs in a Jane Austen novel. I have shared the media you kindly sent and pointed people at your website and youtube videos. My Christian friends have found them revealing and strengthening and one of my atheist friends who fears a new World Order has been somewhat shocked to discover that the Bible predicted it 2000 years ago. He now asks for my Christian view on world events. Actually he has three of us constantly pointing out that the last days are upon us (one being Robin who tells me he's been in touch). Anyway, I share with you a great interest in the lie of evolution and the NWO and have started a blog. I want it to throw a bucket of cold water in people's faces. Every blessing in Christ.” (Mike from England)

Video: Various Videos “Hi Billy, Satan attacks the churches today in America and Canada throughout the world. We need "Whole Armour of God" and the Holy Spirit help us. As to fight with good faith. I loved the movie "Standing Firm" is very great. Excellent movie as I must stand up for Jesus with word of God. I love your preaching solid biblical foundation. Thank you so much, God bless your ministry. Finding good Christian movies are very hard now.” (Carlos from Canada)

Video: Various Videos “I just wanted to tell you I thank God there are pastors like you that are around those videos you sent me a while ago have been great help thank you.” (Jared from California)

Video: Various Videos “how do we get ourself ready for the coming of Jesus? what do i do to greet the Creator of all life? thanks billy for all your meat of the word...”

Video: One Second After You Die “God Bless you Brother Billy. You are doing your job as a servant of The Lord, and like you said the Scoffers and the Doubters will blaspheme against God until the last day of this Earth. Not everyone will believe, which is a shame but our job as Christians is to spread God's awesome message regardless. Praise God.”

Video: One Second After You Die “Thank you God, I praise your Holy name Father. Thank you Brother Billy for being truthful and letting people know what will happen if you continue to disobey God. People who continue to blaspheme and doubt God's existence isn't going to change the fact that if you die, without knowing God, you will not enter God's kingdom and you will spend eternity with Satan in Hell. This is not a scare tactic, it's a truthful warning.”

Video: The Secret to a Peaceful Life “Sir, I watched your service today and prayed with you to be saved. I am an Army veteran who served on a secret base in Uzbekistan and was injured... therefore took a medical chapter out of the Army... things have been quite hard for me in my mind and soul since.... your service today spoke like a hurricane to me... "Do not worry for Christ can take care of ALL things.... So I am knocking at the door of my Father in Heaven and you helped me help myself to ask for forgiveness of my sins.... it is when I realized how I have broken every commandment of GOD and you asked where would I go right now if I died... it terrified me to give the answer I gave... I

was exposed to Biological chemicals and have been in and out of E.R.'s and have taken so many meds.... I am done with that... I give my soul... my life of every day and the moment to Christ... and will remind myself every single day the commandments of my Father Jesus Christ. Thank you Sir... for helping ...showing what you have... I know GOD did all the work and you just help point it out ..and I heard what GOD was saying through you. Thank you again... I am grateful. A Soldier of Christ!" (Shawn)

Video: Various Videos "Dear pastor Billy, I'm so pleased to have found you on facebook. I hope you and your family are doing well. Thanks for putting it up on you tube. Please may i know if you send copies of the messages that are recorded on the DVD's free? I would like to have some copies of you preachings on The final countdown and Revelation and other ones too. Its would be lovely if i could get a set :) Thanking you with warm regards." (Priscilla from India)

Video: Various Videos "Dear Pastor in Christ, Greetings! I have been studying your website and I'm very much inspired by that. I'm here to request you to expand your outreach program in two new languages Urdu and Punjabi. Urdu is the language which is spoken in many countries like Pakistan, India, Iran, Nepal, Bangladesh, Indonesia, Iraq, Malaysia and in many other countries. It's very delightful for the one who listen and study the word of God in his own language. I'll offer my services as Translator, Recorder, Dubbing and Printing. Peace and Blessings be with you. Yours sincerely." (Sarah)

Video: Various Videos “Hello Pastor Billy, I have come across your website while you were on the Dr. Monteith show a few weeks ago. I have been watching most all of your series and every day watch as many sermons as i can. I have been very touched with all your work and believe all of your teachings have touched my heart and soul. Your sermons are so truthful with what i believe and am getting stronger with every word i hear from you. I have searched the last few words for the truth of the BIBLE and you have made it so easy for me to understand with everything i have come across in my learning. I know a little about all the evils that are going on in all aspects of life and your teachings have made me so much stronger about where i want my life to be. I can go on and on because i feel you are so real with your approach of the BIBLE and your congregation must be so proud to have a pastor like yourself. I have been through so much (like i am sure you have) in life but am finding peace with the truth with your help. Thank you very much and am hoping some day i can meet you and thank you in person for your truth about the BIBLE and making it very easy to understand the word of CHRIST JESUS. God Bless.” (Marc)

Video: The Book of Revelation “Pastor Crone, just a quick note from Texas to let you know how much I appreciated and enjoyed your series on Revelation. I am on the Women's Ministry Team at New Hope Baptist in Cedar Park, Texas and specifically coordinate Bible study for the Thursday Morning Women's group. We recently studied Beth Moore's latest study on Revelation. Part of my supplemental studying came straight from your videos from YouTube and I forwarded several clips to the women so they could further their study. I appreciate so much, you not watering down the TRUTH. I am so tired of pastors compromising God's Word so I truly appreciate your boldness and willingness to, first of all, speak to your congregation about a subject that is not being taught in churches today, and secondly, to bring it to our attention in a way that was backed up by factual data. I pray that God will bless your ministry! I find myself going back often to listen again and again. Thanks again!” (Kari from Texas)

Video: Various Videos “Hello Pastor Billy Crone. How are you and how is your congregation I hope well and I hope your bringing more people to Christ. I am watching still every Sunday if possible your services. Peace be with you in Jesus name.” (Theodora from Greece)

Video: The Secret to a Peaceful Life “Keep up the good work guys. Thank you so much for bringing the truth with so much passion. I've been watching for about 2 years now. Hold fast to the love you have for the Lord Jesus Christ. GR8 intro btw.. :)”

Video: Eternal Security “This is right on they do cite the scenario of the Christian who later became an Atheist. I believe people experience false conversions when they fall away so easily. There are prodigal son's but they will come back. My father was in and out of my life, he loved me one day and the next disowned me, God is not like our earthly bad dads. Jesus said he would never leave us or forsake us and I believe that! Jesus gave

us a promise to never leave us or forsake us. My dad was in and out of my life. He disowned me one minute and showed up the next time professing his love. God is not like that. He is faithful. It makes no sense to think you can be saved at 3pm and lost at 5pm then repent and be saved again at 6pm then lost again at 7p and start the whole process saved and loss process all over again. People have FALSE CONVERSIONS if they fall away they were never saved to begin with in my view!"

Video: Various Videos "I have been listening to your sermons for a few weeks now. Actually, I listen to your Christian Living "Secret to a" series during my lunch breaks and have been listening to "Will the real Church Stand Up" on the way to and from work. I appreciate you putting your sermons up for download. I appreciate your conviction and no nonsense delivery. I really just wanted to say thank you for your testimony in "A Body of Love". That was extremely inspiring. The only church services I have attended in years were the few I attended while deployed with the National Guard last year. Keep it up brother." (James)

Video: The Final Countdown "Dear Pastor Crone, I am a missionary based in Bangkok Thailand. I am really blessed by your messages. Thank you for speaking the truth and spoke it out so boldly. We need more of God servants to speak of the plain truth. I am involved in helping missionaries and pastors in many tribal villages. Your materials are so needed and I planned to use them to encourage them. Do I get your permission to do so? Thank you! Blessings." (Danny from Thailand)

Yes, i'm sure the UFO dimension will figure prominently in the endtime scenario that is unfolding right now. I concur that UFO's are of the fallen angelic/interdimensional realm." Video: Various Videos "My husband & I are doing BiBle study online especially during the past 2 weeks of snow ! I enjoyed it & kept on repeating the most important topics: The Back to the Basic. I did the Revelations from 1-82. I am so very Thankful to GOD for having you & learning more about the BBle. I am a Born Again Christian & for the past 3 years, I been going to BBle study but I learned more from your topics. Thanks." (Estrellita)

Video: Get A Life "Pastor Billy, I just took the time and youtube'd your testimony on the "11th hour" and I experienced some salty discharge from my eyes while watching it. I found myself relating to you even more after watching that. I am a "rhett" and am working on a "Billy Crone" that sits next to me at work. Of course being the youngest in the room makes it extra hard for me to get people to listen, but I won't give up. I also work in the computer field for a technology inclined company and recently was mocked in the break room when I demolished evolution and stood firm with intelligent design. I

know sooner or later I will be fired for sticking up for Jesus, but whatever, this life is only temporary and I will walk away from it all. You throwing away your books and computer program also reminds me of me as I had young aspirations of being a "rap artist" as I am gifted with poetry and had notebooks upon notebooks of songs but threw them all away when I sat alone and came to terms with the fact that I would rather be a "lame Christian" than rich and famous. Those things will turn you to the wide path. Pastor Billy, please pray for me so I can find the right words to lead people to Christ because as things get worse in world and His words start to ring true people are going to come to me and when they do, I realize it is very hard for them to do as I'm younger than them and pride is very very tough to overcome. I hate having a lost for words. Right now the only thing I can do is just tell them about your "Final Countdown" because obviously God had a plan for you as you were born to do what you do and you never ask for one red cent! God bless you! In Christ." (Timothy)

Video: Various Videos "Thanks so much for your ministry. I LOVE the Bible studies and I've shared them with two ministry leaders in different churches that are going to copy them and spread them around. I only wish I lived closer to you guys. I would definitely be a member!! God bless!!" (Lori)

I like your sermons because they are more detailed and relate to what is happening right now. Keep up the good work, you are appreciated. God Bless You and your family." (Lynn from Florida)

Video: The Final Countdown "Dear Rev. Billy Crone, I just finished watching "Final Countdown" DVDs today. Very excellent message. I believe RFID is a mark of the beast and that's scary. Thank you so much and keep good work bringing lost souls to Christ before the Rapture of the Church!!! It's happening right now and many people seems not ready and they are not aware of it storms and famines. Jesus is coming very nearness!!" (Carlos)

Video: Various Videos "Hi Pastor, My name is Arun, I am from India, right now pursuing an MBA in Boston. This is to tell you that i was really encouraged by your personal testimony and the fact that you mentioned that "even 5 seconds before you got saved you have rejected God and would have nothing to do with Him". Also in another sermon of your on how powerful God is, and God can save anyone and we must not be discouraged praying for loved ones. i have been praying for a while with a deep burden in my heart for a friend, her name is Rashmi, she is an unbeliever. The devil, as you said is a

real thing, and i can feel the hold he has on this friend, how much he has been able to blind and deceive and harden her heart. I believe that if my God has placed this burden in my heart to pray for her then He has a plan for this friend. Your Sermons are really encouraging especially on the character of God. That's my hope, because my God is faithful, He is good and all powerful. Thank you for reading. I will keep you in my prayers. Trusting in Jesus.” (Arun)

Video: Various Videos “Pastor Billy, My boys and I have only been attending NFBC since October of last year. Yet we feel that the church and you have become a large part of our lives. You restored my faith in God through the passion you have during your

sermons and by being the first pastor I have ever known to admit that you struggled with some of the same issues I have before surrendering your life to God. You have reached my teenage son to where he is willing to attend church and is starting to ask questions about God's influence in his life. I wanted to tell you thank you for making God the foremost influence in our lives again. You and your family will be in our prayers. God bless you. Sincerely.” (Julie from New York)

Video: If God Really Loves Me Then Why Do I Suffer? “I just want to praise and thank God by way of thanking you for His leading me randomly to download your "If God really Loves Me Then Why Do I suffer" series which covered a multitude of SPECIFIC answers to my current situation. The puzzle pieces have been slowly and gradually coming together, but after hearing these sermons, especially Part 3, I felt as if it were a catalyst for deeper truths and answers. God powerfully speaks through you, and I can clearly and distinctly perceive it, and I'm sure many others do. Even though I knew everything that happens is instrumented by God and controlled by Him, I couldn't quite know it (you know what I mean) till experienced. I never could have conceived that what I could be going through were even possible, let alone that God should be behind the scenes with plans for my ultimate good and not destruction. So thank God and you again! God bless you!” (Elisabeta)

Video: Various Videos “Hey Billy, I cannot overstate how thankful I was and am to have been introduced to your ministry. I'm 43 years old now ...but starting at the age of 7, sitting on an old wooden pew in a small town baptist church ...watching "a thief in the night"....God has stirred my heart to watch and pray and listen for His Shout "to come up here in recent years...that urgency has boiled over and I know the time of "preparing His Way" is growing more imperative than it's ever been and am stirred to tears over those I find who God has raised up "for such a time as this" And when a friend sent me a link of your Final Countdown series....I can't even tell you how much that blessed my heart to get to witness a Pastor, sharing with such passion an urgency a message I know "sounds a fool" to so many, but is so important and sooo needed, presented in such a prosecutorial way... I mean the case presented for this being the "last days" was so well brought forth and I believe it needs to be trumpeted over and over ...bringing in a harvest at the same time waking up those who sleep and causing prodigals to "come home" I just want you to know you have a brother that you have really blessed and encouraged by just being you!! Keep the Fire burning, and don't grow weary, "look up for our redemption is drawing near.” (Tim from Missouri)

Video: Various Videos “Was not until today that i actually understood our bodies as temples of God...I seen it before as just a gift God has given us..but now reading more into Revelation and the Book of John it is so much deeper than that..for when we seek Christ & His every Word of teaching, His face and seek to serve Him...He is building a temple for Him to speak through ..so when our temple is built strong enough for God to use our words will no longer be our own..He will speak through us, work through us...what an awesome temple we could become..everytime i watch and listen to your video's i get a whole new message to add to the last....In Jesus Name we Praise Amen..By the way i have a group of people who are saving to come see you this Summer in your Church..very excited. We love you Pastor Billy God Bless.” (Bud from Arizona)

Even the most Atheist scientists have after a lifetime of trying to prove that God doesn't exist have mostly come to the conclusion that the universe is too perfect to have happened by accident!! Those that support the scientific THEORY that evolution happened are truly the ones that are blind to the truth, with closed minds and hearts. I pity them.”

Since I'm a new subscriber most of your teachings I have yet to listen to. Thank you for making your messages available through multi-media sources! I believe God always finds a way to get His message heard. We are living in difficult times and I'm pleased to share your insights delivered so simply for all to grasp. In Him.”

Video: Various Videos “Pastor Billy, I want to thank you for all of the media and work you have on your website. I am watching all of them that I can, I listen to them daily while I am at work. It would be nice to find a church like yours out here in Phoenix with a pastor like you with the fire and passion you have. Your sermons have really brought me back to where I needed to be. I tell everyone I can about your site. Thanks again, your BIC.” (Dan from Arizona)

Video: Various Videos “Dear Mr Crone, firstly, I want to thank our awesome God for blessing you with His word and how you communicate His message and the truth of Christ, in the most understandable, interesting way. I have "believed" in God all my life but became Christian when I was 19 after I moved to study at the American University of Paris but think I was properly saved when I was 20 (credit to my one best friend Libby from Birmingham Alabama - since then, the last 5 years of my life have been the most joyful and exciting...and I had a wonderful childhood and upbringing in South Africa to begin with! I know my younger brother Mark had been in touch with you I think 2 years ago, regarding the demonic experience he had at 16 that actually saved him, this after hearing about yours which saved you. My mother and I are so glad he,

with his curiosity for Christ, found and shared your youtube sermons. We, in turn, share them at every possible opportunity! Thank you for your time and I pray for the protection and warmth of the Holy Spirit over you and your family always, best regards, in Jesus' precious name.” (Tamarin)

Video: Various Videos “Hello Pastor Billy, I just wanted to say thanks for the fellowship in the word. I appreciate all you have brought to us through the blessing and favor of God in the last five years. I could probably name plenty of 80's music we could have enjoyed together but I'm glad instead of the word of God and the doctrine we share instead. I love you Pastor Billy and thanks for the years of direction. I am sure with all the people you meet and all the contact you have with others you most likely don't remember who I am. You gave me about \$300 worth of media of which I have given testimony to over the last couple years. I just wanted you to know what your seed produces. I may be a nut but your awesome Pastor Billy.....God bless you wherever you may go and whatever you may do.” (Michael from North Carolina)

Video: Various Videos “Good day Mr Crone, I currently live in New Zealand and went on a holiday to South Africa (where I'm originally from to visit family (of which Henk is among them). I've never been much of a Christian before (mainly because it does not take long for a church or church people to annoy me), but for some reason my cousin Henk gave me a bunch of recordings from services you held and I started with the one from the end times which intrigued me. I'm currently looking for a church where I can go to without feeling apprehensive, would you by any chance know of a few in NZ? Thank you very much for your time in reading this short crazy message... All the best.” (Hendrik from New Zealand)

Video: Various Videos “Hello, as you must constantly hear, I have to tell you how much I enjoy listening to your sermons. You are a blessing. My youngest son is in desperate need of Jesus. He was raised in church was baptized at the age of 12. I thought everything was good. Then in high school he got into the occult. Of course it was a downward spiral into a nightmare. Now today he is turning 20 years old. He is not an occultist any longer. Now he believes nothing. He is racist, selfish, evolutionist...you know the rest and have probably heard it all over and over again. Time is so short, I fear for his eternal safety. I was hoping I could give him copies of your sermons on creation from Intelligent Creation through Fearful Creation. I was amazed at how clearly - with excellent examples- you showed evolution to be a lie. I didn't need to be convinced, but I can't see how anyone could refute it after watching your series. Thank you.” (Pat from Minnesota)

Video: Various Videos “Billy, I am a 60 year old mother of 4 who has walked with the Lord since age 24. I have been using your videos to minister to my children who all "aren't quite there yet". YOU ARE MINISTERING TO THIS FAMILY in a way you can't even imagine. You have worked so hard on these videos and have done a spectacular job. The gifts God has given you just blow me away. I am excited to see where God takes you. Don't change, Billy. Stay humble, dear one. The Body of Christ

needs you in these last days. Any chance of you coming through Indianapolis? Just today I was crying out to the Lord and asking Him to give us a Billy Crone here. Please know that you are being used powerfully with the "20 somethings" in my family and their friends. You must feel the fire of satan's attacks in your life to be used like this. I just want to keep you encouraged in the Lord. Much love." (Janet from Indiana)

Video: Various Videos "Pastor Billy Crone... I just wanted to thank you for your wonderful presence and the enthusiastic way you spread God's word. I wanted to tell you about my husband Curt and how you helped lead him to Christ. I had always thought Curt was a saved child of God. You see.. he prayed before every meal... and he spoke of God. But he would say things like... I don't know if I am going to heaven. Things like that... and he was so impatient with things that went on around him... like traffic for example. Everyone was out to get in his way... drove me crazy. Then he started listening to Alex Jones on the internet and began checking out the Patriot movement. From there he listened to Stan Montefe (spelled wrong I am sure... a minister I believe). And then he heard Russ Dizdar and Steve Quail. He was led through those folks somehow to your youtube channel and was so eager to put it all together in his mind and his heart. He started to see that what is happening is pre-ordained in the bible... that prophecy is being fulfilled and it gave him a sense of peace instead of the intense dread he had been feeling. He has started reading his bible and is listening to your mp3's while he works. A few months ago he felt the spirit of the Holy Spirit and asked Jesus into his heart. He cried for several days... not at all like my husband..(grin). His attitude has changed so much. He is so much more patient. Now when he prays he KNOWS who he is praying to.... what a difference. I just really felt the need to tell you that you touch so many lives that you do not even know about and to encourage you. Curt and I are praying for you and your family. We hope to follow you in your studies... we have learned so much from your internet messages. Sending lots of love and prayers your way." (Cheri)

Video: Various Videos "Hello Pastor Crone, My husband and I within the last year or so have been watching several of your Bible Prophecy series on YouTube. We really enjoy your message and presentation. We currently do not have a home church. So here we are, seeking a church in our area that presents the bible facts and how they pertain to today's times. We are wondering if you would have any suggestions for Houston/Spring, TX area. We are in our forties and have five children ranging from fourteen to three years. We have hope that you will be able to help. Please let me know if you require any additional information or clarification. Keep up the Great Work you do for God's Kingdom! Thank you for your time and consideration. Sincerely." (Lisa from Texas)

Video: Various Videos "Hello Pastor Crone, I'm David. I watch your videos all the time on youtube and really appreciate that you make them and put them on there for everyone to see. I make copies for as many people as I can, but it's not easy. I download them with "youtube downloader", so they're saved on my hard drive and burn them with the burner on my laptop, but it's a lot of work. I have RSD in my shoulder, so it's kinda hard to do. Do you sell the videos you make in sets or anything like that? I think that would be a lot easier and I could probably show my father how to burn them from DVD to DVD. He's a big fan of yours too. That way I could buy a set or 2 at a time. I really like your "Final

Countdown", Revelations and Creation series (Judged Creation, Young Creation). Well, I like all of your videos, but them are the ones I remember. I know you give them out a lot, but I would like to buy them or make a donation or something. I really appreciate the work you do and would like to return the favor anyway I can. Thanks again. Sincerely.” (David)

Video: Various Videos “Pastor Billy Crone, My name is Natasha. I am writing you because I would like to speak to you about using some of your research and sermons to write some pop-up books for kids. I especially wanted to write one on a fearful creation and some of your other creation series. I love pop up books. The reason I would like to do this is because I was talking to my five year old son the other day and was trying to explain that dinosaurs are dragons. But his reply to me was that no dragons have wings. I believe Christian parents need a platform to teach our children about creationism that is fun and informative. You're research is very well presented and I would be very happy to work with you on a pop-up book or to go ahead and put it together and send to you for your approval. How ever you see fit. I just hate that our children are taught from an early age that they come from nothing or from a monkey. It is very frustrating. I love Dr. Kent Hovind as well he has some very informative studies as well. I am going to research some more on the topics but really enjoyed your sermons on creation. I thought they were fun informative and kid friendly. Thank you for your time I hope that God continues to bless your ministry. Have a great day.” (Natasha)

Video: Various Videos “Good Evening Pastor, I have been watching all your videos on you tube, and I want to thank you personally for all of them. I wish I could find a local pastor who could preach the word with as much love as you. Pastor I know we are living in our last days and I feel now more then ever that we need Jesus. Also if you know any Pastors in Denver, Colo. Please let me know. Thank you and God Bless you and your family.” (Angel from Colorado)

Video: Various Videos “Hi again Pastor Billy! It's great to see a stable leader who stays informed of current events and links them to the Holy Bible. I had seen the Aaron Russo interview about his conversation with Nick Rockefeller a few years ago. Sadly, most Christians DO NOT want to hear any of that. My opinion is that the remnant is being identified in these last days. It's smaller than I thought it would be, but then again, "narrow is the way". I ordered 10 of your videos last week, but would have felt weird taking you up on your offer to get them for free. No wonder God is so crazy about you. Some of these so called Christians charge you for EVERYTHING! You are a real one, Billy! Praise God!! You asked if I had heard your testimony. You bet !! 3 times so far, because I play it for my kids before playing "Final Warning", so they know where God brought you from. Everyone likes your request for praying for the slugs!! LOL....you still seem to enjoy a wonderful sense of humor. My husband and I enjoy watching one of your videos each night and then I share with the kids when they come over. You have a tremendous sense of detail and an awesome way of putting the pieces together in an interesting way. I never considered man and dinosaurs co-existing. Fascinating series !! In my case, I didn't need the info for being assured of who Jesus is, but oh my, some people really do need to have an adjustment in their thinking on creation and the age of the earth in order to believe they need a savior. Keep in touch and let's pray for one another. I look forward to hearing what the Lord has in store for you! In His love.” (Janet from Indiana)

Video: Various Videos “Dear Pastor Billy, I recently discovered you via Dr. Stan Monteith and really enjoy all your video series, especially the one on Revelation, which I've always wanted to learn. I look forward to meeting you in Heaven. In the meantime I'd like to thank you most sincerely for everything you do. God is truly doing great things through you. My whole life I have wanted to learn and understand the Book of Revelation, but I'm from the Lutheran Church Missouri Synod and, for whatever reason, they don't teach it. It has always seemed like the Book of Revelation is an elephant in the room; you can't miss it, but no one will talk about it. I never even heard about the Rapture till I was in my twenties, and then I thought people were making it up because I had gone to church my whole life and I would have heard about it already. I recently asked my sister to see if maybe I missed something but she said no, I didn't miss anything. They just didn't teach it. Then I got angry because I should know about these things! So now when I feel scared or embarrassed to share my Christian faith with people, I think about how I felt when I discovered something I should have known. God only knows how many people are out there that don't even know about Jesus and I have to help get to as many of them as possible. Last year I started earnestly begging God for answers because it just seems like things are really happening. I heard you on Radio Liberty with Dr. Stan Monteith talking about evolution, and I was hooked! So far I've seen A Fearful Creation, The Final Countdown, and everything you've made on The Book of Revelation so far in the Sunday Message Series. Also, I've been watching Sunday service every week since December 2010. I'm truly humbled and awed that God, in His infinite mercy and wisdom, has heard and answered my prayers once I asked for the right thing. I get chills when I think about it. Now I pray for God to help me get past my own ego and weakness to share the Word. You are a terrific example and inspiration. From the bottom of my heart, Thank you and God bless you, Pastor Billy.” (Jane)
