Video: The Final Countdown “I am about halfway through your "final countdown" series I discovered online. I just wanted to let you know that I have been gaining a great deal of value out of it and it has help to strengthen my walk of faith. I have always been fascinated with bible prophecy and your teachings have further reinforced my belief that we are truly in the end times. We live in a wicked world and, at times, it can beat us down with all the badness we see. I just wanted to take a moment and compliment you on your fine work and let you know that there is someone in small town central Illinois who is greatly enjoying it. God bless you and the fine work you are doing.” (Doug from Illinois)

Video: A Judged Creation “My pastor and I are very interested in the high tech society as it existed before the flood and what that could mean for end times similarities today. We've seen your two youtube videos and we were wondering if you have anything else on that topic. Any direction you can point us would be helpful. Thank you.” (Steve from Ohio)

Video: The Final Countdown “I've gotten so much out of watching "The Final Countdown". Currently I don't have a home church. Some of it is health related. The other is a very long story. Video: Discipleship 101 “I had a band leader that once told the band not to believe the lie "Practice makes perfect" because he said if you keep practicing the music wrong, you might get better at learning and playing it, but you still playing the music wrong. After watching some of your Discipleship 101 courses, I came to realize that the same can be said about Bible study. Meaning its important to study the Bible the right way, not the wrong ways. Your 101 series is very helpful and educational in showing the right way, and sometimes teach even more than what is in the lessons. Thank you. God Bless you!” (Paul)

Video: The Final Countdown “thank you for sharing the truth with people and never sugar coating that truth. I grew up in a church much like yours and loved every moment of it, but life moves on and marriage took me across the US. The church I attend now is sleeping and I wish to share this video with church members, family and love ones. And it's been a stepping stone to my researching so many topics I probably never would've touched on had it not been for these type of sermons - merged with relevant multimedia. The church that my family and I are attended actually support the government and is very nonchalant to these kind of teaching and I deeply feel that, this is the kind of

knowledge God told oshea that His people is dying missing of. I'm looking for a church in Boston that shares and promote your teachings. Please pray the lord for me so, HE can help me identify a good place to serve him. I don't want to take the risk to choose a church based on what my human senses reveal to me. I hope many many people are moved by his sermons to the point that they realize their need of a Savior and act on Pastor Billy's "Altar Call" at the end of each sermon. I have also shared "The Fearful Creation" with

parents who are struggling against their schools' evolution brainwashing of their children. The last sermon in that series is an excellent rebuttal to refute the lie of evolution. You are truly blessed to that God has placed Pastor Billy in you midst. God bless you and your ministry.” (Greg)

Video: The Final Countdown “Pastor Crone, I'm now watching the One World Economy and this economic "crisis" makes a lot of sense to me now. Maybe this is just a "test run" to see what will happen when our economy goes bust and a one world economy is given charge of "making sure this doesn't happen again". I don't know if Nevada had the food stamp, WIC program shut down this past Saturday. Oklahoma experienced it. I spoke to one lady who works at a popular store for food stamp purchases and she said it was nightmarish on Saturday. I'm so glad I didn't go into town on Saturday when this was happening. She said that there were grocery carts all over the store; left by the shoppers because the machine for the food stamps had shut down. And in Oklahoma, recently the governor signed into law an open carry gun law. So some of those angry folks may have had a gun with them. I don't believe that having instant access to a fire arm while angry and scared about one's ability to obtain food for both themselves and their family is a good combination. On the news it was quickly reported that the shutdown had nothing to do with the government shut down. It was told that Xerox, who distributes food stamps and the WIC program in 17 states, had checked one of their servers and that this had caused a temporary shut down. They said that it took time to reboot the system and make sure that it was running at a 100% before they turned the system back on. I believe that by late Saturday the food stamp machines were working again. I'm not convinced that what happened had nothing to do with the game playing that is currently going on in Congress. I think it was probably planned to increase the fear of the people and to note what happened with just being denied their ability to purchase food for less than one day. I see this as another step in bringing in the Global government, economy and religion. I know what the Bible says about no man knowing the day and time of Jesus' return for His people, but the signs point strongly in a way that causes me to believe that we are getting real close to that blessed event. I want to see Jesus so much. I want to see the One who loved the world so much that He was willing to leave the splendor and comfort of Heaven and come to this world to become the spotless, sacrificial Lamb that opened the "Door" or "Way" so that we might believe on Him and have eternal life. Pastor Crone, I'm praying for you, your family, Sunrise Baptist Church, congregation and other staff. I believe what you are teaching is so powerful and true that the enemy has all of you on his most wanted list. Thank you for being obedient to our Lord Jesus Christ and proclaiming loudly His truths and soon return. God bless you, your family and everyone at Sunrise Baptist Church. Yours in Christ Jesus.” (Tammy from Oklahoma)

Video: The Final Countdown “Hey this is Dustin from Portland. Just want to say good job and encourage you. It was the final countdown that helped me witness to my whole family. I was living with my mom after almost being shot in Flagstaff Arizona and moving back home. It reminded me to take God serious again and gave me real world evidence about the word of god. Even though my mom is Christian and I grew up in church things were so far off track. She was addicted to pain pills that she started taking for real pain and gradually became a real issue. It was me encouraging her to challenge herself to get back to God that made her face that addiction and burn over 300 or so books she had that were of the occult. It was her addiction that let everything for her get so off track. Anyways it turned my sister onto God also she married a Christian man in Oklahoma and is street preaching all the time with her husband. God has done wonders in my family’s life through your video's. I don't know if you'll ever read this but I just want to say thanks and keep it up. Life can get discouraging sometimes but just remember God’s using your videos nation wide, coast to coast. I didn't nearly cover all the good that has come of it either. My mom still watches you all the time too. I got my act together at that time and started working as a mechanic, had 2 kids and things are good. Alright have a good one!!!” (Dustin from Oregon)

Thanks Pastor Billy for bringing me to the Lord. I thought I was a Christian before I met you, and I wasn't back then.
